

1995 USAC SPEEDROME MIDGET SEASON

REPEAT FOR LANG IN '95

When the 1995 Indianapolis Speedrome Midget season began in April, one man who hoped the end results would be the same as the previous year was 1994 Champion Michael Lang, but he wasn't at all sure they would be.

"Money was tight and we didn't even have the car ready for the first two races," Lang commented.

In fact, for the first several races, Lang was behind the wheel of the Wayne Smith #95 Midget, finishing third on May 12 and May 25. The season was off to a slower start than Lang would have liked, but that was about to change.

Fourteen races after that May 25 third-place finish. Lang found himself as a repeat champion of the series, doing so in a thoroughly dominating fashion. When you consider that Lang only started two of the first five feature events, his championship is that much more impressive.

Michael was virtually unbeatable in the final two-thirds of the Speedrome Midget season on his way to a second consecutive championship, winning nine of the final 14 feature events, including a streak of four in a row in July. He fell just short of Ted Hines' 1991 record total of 10,587 points, missing it by a mere 218, and also tied the late Rich Vogler's 1984 single-season Speedrome feature victory record.

In the September 8 finale, Lang appeared to have the record-breaking 10th victory in the bag, only to drop out with a broken fuel pump seven laps from the checkered flag. Even so, Lang was honored to have even tied Vogler's record.

"When it comes to breaking or tying records, if the record you're shooting for is one set by Rich, you know it's a good one," said Lang. "It would have been nice to break the record, but having your name next to Rich Vogler is quite an honor in itself," he added.

Going into the June 9 twin-50-lap features, Michael was only 12th in the point standings, with Roy Caruthers enjoying a slim lead over 1993 champion Mel Kenyon and Daryl Campbell. That's where Michael's mediocrity stopped and his dominance took over. He won both features that night, and in doing so, vaulted from 12th to second in the points!

"That night is basically where my 1995 season started," Lang laughed.

In the weeks to follow, Lang finished 2nd and 16th, then came his undefeated July.

Michael moved into the point lead after his July 14 victory and never looked back, ending the season with a 5,159 point cushion over Campbell.

"We really came on strong the second half of the season," Lang understated. "The car was just flat hooked up night after night," he added. "I've got a lot of people to thank for this past season: Andy Clements with V-Line Corporation, Butch & Sons, Larry Pfost with Train Express, Matt Hagans, Eagle Creek Aviation Services, Dan Haston and my partner in crime, Danny Warfield."
