

1992 USAC SPEEDROME MIDGET SEASON

Ted Hines - USAC's 1st '92 Champ

Ted Hines of Indianapolis, Indiana became USAC's first 1992 driving champion on September 11 as the Indianapolis Speedrome Midget Series concluded its 19-week Friday night run.

"We didn't run as good this year as we did last year," he admitted. "But we still ended up with five wins (more than anyone else). We just weren't as consistent. Fortunately, some of the other top guys had trouble too."

Ted started the first 14 feature races in the series, then missed two of the final five, including the finale. He only finished out of the top-10 twice and he added two seconds and three thirds to his five triumphs.

Ted's younger brother, Tracy, earned series Rookie of the Year honors with five top-10 finishes and an eighth-place point ranking.

"I guess the August 28 race stands out as one of my favorites," Ted says. "Tracy and I raced hard all night and he beat me out of second place in the closing laps. When we're racing each other, he's just another competitor, but you really can't forget who he is."

On three occasions, Ted had the opportunity to race against both his brother and his father, Jim. On September 4, Jim appeared headed for his first ever Speedrome victory until he was tracked down by Michael Lang in the final laps of a grueling 100-lapper. He finished second. "It's always fun racing against dad," Ted continued.

"Mel (Kenyon) and Michael (Lang) are usually the toughest competition," says the champion. "Lang has been the runner-up to me every year. He got off to a bad start this time but he ran well during the second half. If he'd have had a good start, he'd have made a run at me at the end."

In addition to being a Speedrome regular, Ted spent time in the USAC National Midget and Sprint Car series this year. He had a seventh in the sprinter at Salem, and in the midgets, posted a ninth at Kansas City and a 10th at Louisville.

Ted said he owes a lot of his success to his mechanics, Gomer Butcher and Kevin McDaniel, and wants to thank his girlfriend, Stephanie, for her support.

"The Dan Young Chevy/Hi-Pro Brake Pads/Competition Welding/Troy Auto Parts VW was always ready to race," he said. The Speedrome is a great place to learn how to run in traffic, be patient, and especially, how to run on a slick track. It's been a great help in furthering my career. "
