

1989 USAC NATIONAL SPRINT CAR REVIEW

Back in 1960 and 1961, Parnelli Jones and Jim Hurtubise blazed a winning trail in the USAC National Sprint Car division with their Chevy-powered cars. Nicknamed the "Chevy Twins," the two California hot-rodders changed history by upsetting the then dominant Offenhauser-powered cars with their Chevy V8s.

In 1989, it was driver Rich Vogler and the Hoffman family from Milford, Ohio who introduced a V6 Buick to USAC Sprint Car racing and stormed their way to the Loctite/Crestliner Vans USAC National Sprint Car Series driver and entrant championships.

Scoring five feature wins and three third place finishes in 19 starts, Vogler also set fastest qualifying times an amazing 10 times, including a string of four-in-a-row and nine times in 11 consecutive races. He finished inside the top-10 on 13 occasions in the Hoffman sprinter.

Actually, the Dynamics, Inc./Hoffman Auto Racing Team utilized both Chevy V8 and V6 Buick for power in their bid for the 1989 title.

"We ran a Gaerte Chevy for dirt and the Buick V6 on pavement tracks," said crew chief Richard Hoffman. "The Buick is lighter than a V8, so it gave us a weight advantage and has greater acceleration off the turns."

Of the five feature wins they scored in 1989, four were on pavement and the single dirt win came at Missouri's Moberly Motorsports Complex in a winged event, Vogler's first in USAC competition.

The 17-year-old Jeff Gordon Vallejo, California was the early sensation of the series as he took the point lead following his impressive triumph in the May 20 opener at Kentucky's Florence Speedway.

Jim Moulis, who ranked third in the final standings, took over the series point lead after a fourth place finish in the June 5 winged feature at Tri-State Speedway in Haubstadt, Indiana. Past champion Rick Hood drove to a new track record as well as a victory in the Haubstadt feature, his 21st in USAC competition, then repeated as the feature winner two weeks later at Ohio's Attica Raceway Park.

Jeff Gordon regained the point lead after a pair of fourth place finishes on the high banks at Salem Speedway and on the dirt at Buckeye Speedway in Orrville, Ohio, which were won by Wayne Hammond and Danny Smith, respectively.

June and July racing produced four different winners in four events. Veteran Jack Hewitt won the June 25 non-wing feature at Kokomo Speedway. Wayne Hammond led all 30 laps to win the June 29 Skoal Bandit Racing Indyana Sprint Classic at Indianapolis Raceway Park before a live ESPN television audience in the opening event of the five-race Hardee's Deluxe Racing Series.

Rodney Ritter Jr. led all 30 laps to score his first USAC triumph in the July 1 winged feature at Lawrenceburg Speedway. Two days later, Vogler posted his third consecutive new track record during qualifying at Berlin Raceway. He then wheeled the Hoffman V6 Buick to a 30-lap win in the first USAC Sprint Car race in Marne, Michigan in a dozen years. It was also the first time a non-Chevrolet engine had captured a USAC Sprint Car feature victory in 16 years.

Vogler repeated in the next event at Indianapolis Raceway Park before the TV cameras again on July 13. This was the second of six consecutive pavement outings. The 1989 USAC Sprint Car season saw a most diversified schedule of events with seven winged races on dirt, a pair of dirt non-wing events, and 11 pavement races which included three on the speedy high banks at Salem and Winchester and five at IRP. ESPN's live telecasts put a nationwide audience in the stands for those five races in Thursday Night Thunder action.

Supermodified veteran Gene Lee Gibson of Ridgewood, Ohio grabbed the spotlight as he scored back-to-back wins in the Johnny Vance/Aristocrat Products sprinter at Winchester and Indianapolis Raceway Park. Then, Vogler came back and

captured the next two on the pavement. The 39-year-old Vogler assumed command of the Loctite/Crestliner Vans point lead with his victories at Winchester and the Tony Hulman Classic at IRP. Rapid Rich also set quick time at both events. He then took a sixth on the dirt at Tri-City Speedway as defending champion Steve Butler scored his first win of the season in the Stoops Racing No. 1.

Vogler's first winged USAC triumph came in a 30-lapper at the new Moberly Motorsports Complex. Despite setting quick time at Toledo on September 10, he was involved in a crash and ranked 20th in the feature as young Eric Gordon of Greenfield, Indiana scored a very popular victory.

The USAC Sprints then headed north for the \$50,000 Canadian Sprint Car Nationals. The opener of Canada's newest half-mile paved oval in Bowmanville, Ontario was significant for Vogler as he clinched his second series title with only the 4-Crown Nationals event remaining on the schedule. Wayne Hammond and Gary Fedewa won the Mosport features with Vogler 19th and fifth, respectively. However, he earned enough points to eliminate the challenge of 21-year-old Eric Gordon, who finished fifth and second in Canada and was the series runner-up for the year.

Three-time USAC titlist Steve Butler won the 30-lap series finale during the 4-Crown Nationals at Eldora Speedway in Rossburg, Ohio on September 24. Vogler was eighth in the final race.
