# #01 POLYRACK TECH-GROUP
# VITA31.1

// Product Information

Configuration example

The diagram shows the configuration of a J1/J2 VITA 31 with P0

1 Printed circuit board
2 Connector
3 Power elements
4 Components
5 Stabilization bar

Surface finishing

PC board = immersion tin

// Product Information

W1= n x 20,32mm+9,16mm+8,16mm

POLY RACK

0,3mm

H = 262,05mm

H1 = 255,85mm

9,16mm

20,32mm

n x 20,32mm
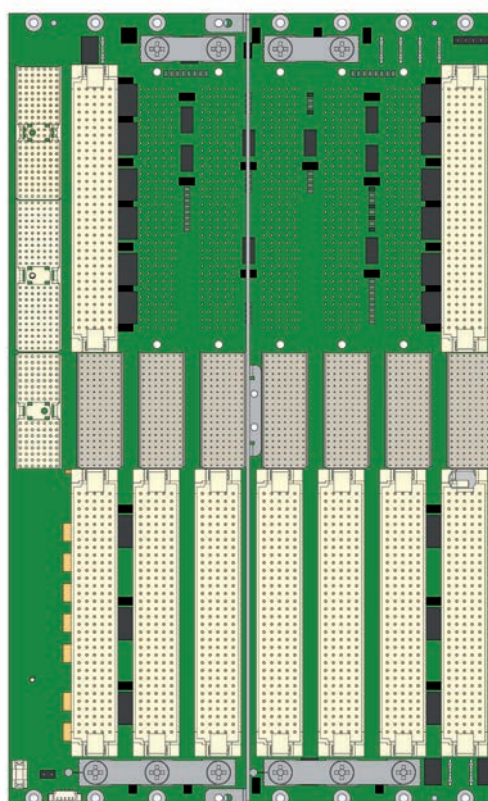

Dimension diagrams

J1/J2 VITA 31 Front view

W1 = total width
n = number of slots
PCB thickness = 3.75 mm

// Basic Units

Basic Units

A J1/J2 basic unit is available for the VITA31.1
series

J1/J2 VITA 31

Scope of delivery		Delivery form	
Backplane, fully equipped		In units for self-assembly	
Terminal screws M4			
for power input elements	1 pc		

Scope of delivery
Backplane, fully equipped
Terminal screws M4
for power input elements   1 pc

Delivery form
In units for self-assembly

Note
– Number of layers = 10
– Number and configuration of power
   elements   on request
