Medical Specialties Neurology (primary specialty) Experience Over 48 years of diverse experience Credentials Medical Doctor (MD) help Doctor of Medicine (MD or DM), or in Latin: Medicinae Doctor, meaning "Teacher of Medicine", is a terminal degree for physicians and surgeons. In countries that follow the tradition of the United States, it is a first professional graduate degree awarded upon graduation from medical school. Education and Training Dr. Sajjan K Nemani attended and graduated from New York Medical College in 1976. NPPES Info NPI #: 1649220542 NPI Enumeration Date: Thursday, May 11, 2006NPPES Last Update: Sunday, July 8, 2007 eRx - He does not participate in the Medicare Electronic Prescribing (eRx) Incentive Program. PQRS - He does report Quality Measures (PQRS). The Physician Quality Reporting System (PQRS) is a Medicare program encouraging health care professionals and group practices to report information on their quality of care. Quality measures can show how well a health care professional provides care to people with Medicare. EHR - He does not use electronic health records (EHR). The Electronic Health Records (EHR) Incentive Program encourages health care professionals to use certified EHR technology in ways that may improve health care. Electronic health records are important because they may improve a health care professional's ability to make well-informed treatment decisions. MHI - He does not commit to heart health through the Million Hearts initiative. Million Hearts is a national initiative that encourages health care professionals to report and perform well on activities related to heart health in an effort to prevent heart attacks and strokes. MOC - He does not participate in the Medicare Maintenance of Certification Program. A "Maintenance of Certification Program" encourages board certified physicians to continue learning and self-evaluating throughout their medical career. Dr. Sajjan K Nemani has been primarily specialized in Neurology for over 48 years of experience.
