UA Shoe Sizes: * Training shoes: spacious toebox for toe splay * Basketball shoes: roomy toeboxes for toe splay and control * Running shoes: average-sized toeboxes Unisex sizing: women's sizes are 1.5 US size bigger than men's sizes (e.g., women's US 8 = UA men's/unisex size 6.5) Wide Fit options: few running, training, football, and golf shoes with wider toeboxes Under Armour's approach to shoe sizing is distinct yet consistent with other major American brands like New Balance, Nike, Adidas, Reebok, and Brooks. They've standardized their sizes by using a 5mm gap between half-sizes and a 10mm gap between full sizes. This structure ensures a seamless transition across different footwear categories and models. For reference, here's a breakdown of the shoe length (in mm) corresponding to various US sizes: **Men's Sizes** * Size 9: 270mm * Size 10: 280mm * Size 11: 290mm **Women's Sizes** * Size 5.5/6: 230mm * Size 7/7.5: 240mm * Size 8.5/8: 250mm If you're unsure about your shoe size or have a brand not listed here, head to the conversion tool at the end of this section. Simply enter your preferred brand and size to get its equivalent in Under Armour's sizing scheme.
