

## 8<sup>th</sup> Medical Oncology Review Course 13<sup>th</sup> – 15<sup>th</sup> February 2026, 21<sup>st</sup> February 2026

### INVITING ALL MEDICAL ONCOLOGY SENIOR RESIDENTS / REGISTRARS AND SPECIALIST NURSES IN ONCOLOGY

The Singapore Society of Oncology is organizing its 8th Medical Oncology Review Course in February 2026 for Medical Oncology Senior Residents, Registrars and Specialist Nurses. This course will be held via Zoom Video Conferencing.

The review course will be conducted over 4 days (13<sup>th</sup> – 15<sup>th</sup> February 2026, 21<sup>st</sup> February 2026).

Days 1-3 (13<sup>th</sup> February – 15<sup>th</sup> February 2026) will be a series of lectures, structured as an intensive revision course to prepare Senior Medical Oncology Trainees (SR3) for their specialist exit examinations. Medical Oncology Trainees (SR2) who are in the midst of their specialist training will also be able to appreciate this comprehensive 'survivor's guide' as they continue to accumulate knowledge and experience.

Day 4 (21<sup>st</sup> February 2026) is open only to local Singaporean Medical Oncology Trainees and those who will be taking their exit examination. This session will be a mock VIVA examination and is meant to give a semblance of what the actual examination will be like.

We also welcome Trainees and Specialist Nurses from Surgical Oncology, Palliative Medicine and Radiation Oncology to join us!

As part of Singapore Society of Oncology's mission to provide accessible medical oncology education, registration fee waiver is available for participants from low to middle-income Asian countries. Please contact the SSO Secretariat at [sso.medonc.reviewcourse@gmail.com](mailto:sso.medonc.reviewcourse@gmail.com) if this is applicable to you.
