**Subject: Qurbani Fi Sabeel Lillah 2026**

**Assalam-o-Alaikum,**

We hope you are fine with the best health, faith, and prosperity.

A project completion report titled “Qurbani FI SABEEL LILLAH Project 2026” is submitted for your kind consideration. The project Qurbani Fi Sabeel Lillah is more than only a religious obligation, it acts as a powerful mechanism to address the needs of the less fortunate, combat hunger, and promote social welfare and unity within Muslim communities. It is a manifestation of Islamic values of compassion, charity, and solidarity, enabling Muslims to contribute to the well-being of others actively.

### **Introduction and Background of the Project:**

Eid-ul-Adha, also known as the Festival of Sacrifice, is a significant religious event in the Islamic calendar. It commemorates the willingness of Prophet Ibrahim (peace be upon him) to sacrifice his son as an act of obedience to Allah. As part of this observance, Muslims around the world perform the ritual of Qurbani, sacrificing an animal and distributing its meat to the less fortunate. It is ensured that the less fortunate members of the community can partake in the joyous occasion of Eid al-Adha. The project will involve the systematic collection, slaughter, and distribution of sacrificial animals to individuals and families who are unable to afford this act of worship.

## **Project Implementation & Methodology:**

Different steps of the project implementation process are as under:

- AKF units implemented and supervised this project.
- Cows and Goats were purchased as per specifications following the procurement policy of Alkhidmat Foundation Pakistan.
- All animals were assigned a serial number and photographed in front of the required banners.
- Slaughtering/processing of livestock took place under agreed guidelines provided by partners.
- The meat was packed in bags printed with branding required by Partner Organizations.
- The meat was distributed among underprivileged people of Pakistan.
- The estimated average live weight of each cow was 200+ kgs.
- The estimated average weight of the meat from each cow was 110+ kgs.
- The estimated average meat pack provided to a family weighed 3-5 kgs.
- A survey was conducted by AKFP teams to identify the most unprivileged and destitute people in Pakistan.
- Proper arrangements were made for Alkhidmat Europe’s visibility and publicity.

## **Sharia Compliance:**

The performance of the Qurban followed the Sharia guidance provided by Partner Organizations, including the below:

- For the purchase of animals, method of slaughter, hygiene, separation of animals from the Qurban site, disposal of waste, etc., shariah compliance was strictly adhered to, and the age of the animal was 2 years or older. The animal did not have any visible defects such as no teeth, missing ears, etc., and was not sick. When slaughtering, the person executing said "Bismillah, Allah-u-Akbar."
- The method of sacrifice involved the animal facing the Kaaba, laying on the left side, with slaughter done with a sharp knife, allowing the blood to flow out from the throat cut opened outside the view of other animals.
- The Qurbani was done from the dawn time of the 10th Dhul Hijja till the sunset time of the 12th Dhul Hijja of the Islamic calendar year.

### **Budget and Operational Transparency:**

The proposed amount covered the costs of purchasing animals, transportation, slaughtering, processing, packaging, and distribution.

Each activity of the project was monitored closely to ensure efficiency and transparency after thorough Monitoring and Evaluation. A project committee was formed for the successful completion of this project.

Financial transparency was achieved by establishing a financial committee in every region, which was responsible for purchasing and all financial aspects.

### **Project Outcomes:**

The following objectives were achieved:

- Facilitated the fulfilment of the Qurbani obligation for a larger number of Muslims.
- Provided fresh and quality meat to economically disadvantaged individuals and families during Eid al-Adha, enabling them to celebrate the occasion.
- Fostered a sense of unity and compassion within the Muslim community through participation in a collective act of charity.
