

# Linarc Impress Judges and Nets a Win in the 2024 SaaS Awards

## *International Software-as-a-Service Awards Program Reveals its Winners*

**Los Angeles, CA – August 13, 2024** – [Linarc](#), Inc., the fastest growing collaborative project management platform in the construction industry today announced that the company has been crowned a winner in [The 2024 SaaS Awards](#) program, in the Bespoke SaaS Solution of the Year category. The win follows last month's announcement of the company being named a finalist in the categories of 'Best SaaS Product for Project Management, Workflow Automation or PLM' Award, and 'Best SaaS Product for the Construction Industry' Award.

"Construction project management encompasses an intricate array of complexities at every phase, regardless of scale, location and government regulations," Nagendran Manidas, Lead Judge, The SaaS Awards. "Linarc will profoundly enhance transparency and substantially mitigate risks, delivering great value to the project management process. The SaaS Awards were very impressed by Linarc's ambition in tackling this complex task. Congratulations!"

A long-established awards program spanning 56 categories, [The SaaS Awards](#) recognizes the leading innovations and applications of software-as-a-service solutions across a wide range of use cases and sectors. The program received entries from organizations of varying sizes worldwide, including North America, across Europe, and APAC.

"We're thrilled to reveal the winners of the 2024 SaaS Awards after three intense rounds of judging. It's been an outstanding edition of the awards this year, and the team and I would like to thank all those organizations that entered," said James Williams, CEO of The Cloud Awards. "Linarc has demonstrated an unwavering commitment to innovation and excellence and is a more than deserving winner of the Bespoke SaaS Solution of the Year category. A huge congratulations to Linarc and to all of 2024's winners. We are extremely excited to see how they continue to drive the industry forward in the coming years."
