

# YOUR PEOPLE MAY BE SPREAD ACROSS THE WORLD. THEIR DEVELOPMENT SHOULDN'T BE.

PSL delivers Engineering Human Performance programmes locally and globally – face-to-face or virtually – so your people receive practical, relevant training that drives real performance, wherever they are.

## Global reach

Proven experience across countries and cultures.

## Local relevance

Tailored to your engineering environment and challenges.

## Flexible delivery

Face-to-face, virtual or blended to suit your people.

## Continued Performance Support

Ongoing confidential support for delegates long after the training has finished.

Because **real** performance happens in the real world.

## DELIVERED ACROSS TIME ZONES

We deliver programmes that accommodate your time zones, ensuring learning happens when it works best for your people and your business.

## GLOBAL EXPERIENCE. LOCAL DELIVERY. VIRTUAL FLEXIBILITY.

### Global Experience

Delivered to engineering and technical professionals in multiple countries and regions.

### Local Delivery

On-site programmes tailored to your industry, people, customers and business objectives.

### Virtual Delivery

Engaging live sessions via Microsoft Teams and other platforms – without compromise.

## TAILORED TO ENGINEERING ORGANISATIONS

Relevant. Practical. Impactful.

- ✓ Field Service Engineers
- ✓ Project Managers
- ✓ Service Managers
- ✓ Technical Support Teams
- ✓ Engineering Leaders
- ✓ Customer-Facing Teams
- ✓ Back-Office & Support Teams

We speak the language of engineering because we **understand your world.**

## CONSISTENCY. EVERYWHERE.

### Consistent Standards

A shared approach and methodology across teams and regions.

### Better Communication

Common language and tools that improve collaboration.

### Stronger Culture

Aligned behaviours, expectations and ways of working.

### Faster Implementation

Proven models applied consistently to drive real results.

Great questions  
lead to great thinking.  
Great thinking  
leads to great leadership.
