Work Experience

Office Integrators Inc.

Product Designer

Oct 2025 – Present

- Design end-to-end web and mobile products for startups and companies, shaping early concepts into shippable experiences.
- Define user flows, information architecture, and interaction patterns; build design systems and high-fidelity prototypes.
- Partner with founders and engineers to scope MVPs, refine requirements, and iterate quickly on feedback.

Holiday Channel

User Experience Designer

Nov 2024 – Oct 2025

- Designed a C2C & small-business marketplace with scalable, accessible design systems in Figma and Adobe Suite.
- Shaped core commerce features (seller dashboard, chatbot, live shopping, moodboard discovery) to streamline buyer-seller journeys.
- Produced responsive web and mobile wireframes and prototypes for fast developer handoff and trustworthy experiences.

Teens in Public Service, Seattle

User Experience Designer

Jan 2024 – Nov 2024

- Designed a sponsor-focused site and fundraising experiences, increasing community engagement by 20%.
- Created videos, presentations, and UX artifacts (journey maps, wireframes, storyboards) to align stakeholders and tell impact stories.
- Ran usability tests with 25+ participants to clarify flows, improve accessibility, and strengthen the nonprofit's digital brand.

Neodes Design, Pune

Product Designer

Dec 2021 – June 2023

- Designed UI/UX for IoT medical devices (ventilators, smoke evacuators), reducing user errors by 35% through research-driven iteration.
- Built iconography, interface templates, and modular systems for consistent embedded interfaces.
- Collaborated with engineers and clinicians to deliver production-ready UIs, demo prototypes, and training visuals.

Education

California College of the Arts, San Francisco

Masters in Design, Interaction Design | Aug 2023 – Aug 2024
