# ELEM14 VENTURES LLP

Welcome To A New Era Of Land Aggregation,  
 Navigating Complexities, Enabling Development - Deeds

At Elem14 Ventures LLP, we believe every landmark development begins with the right foundation - land. But to us, land is more than just earth. **It's potential. It's promise. It's the starting point of transformation.** We invite you to explore the world of land aggregation with us - where experience meets execution, and vision becomes reality.

# About Us

At Elem14 Ventures LLP, we bring **structure, certainty, and strategy** to the most fundamental layer of real estate—**land**.

Elem14, Based in **Bengaluru, Karnataka** and operating across **India**, we specialize in **land aggregation, regulatory advisory, and legal compliance** for real estate and infrastructure projects. Our team helps developers, institutions, and investors navigate the complex legal and administrative landscape of land acquisition with clarity and confidence.

From identifying strategically located land parcels to ensuring end-to-end legal and statutory compliance, we offer a robust and reliable foundation for your real estate ambitions.

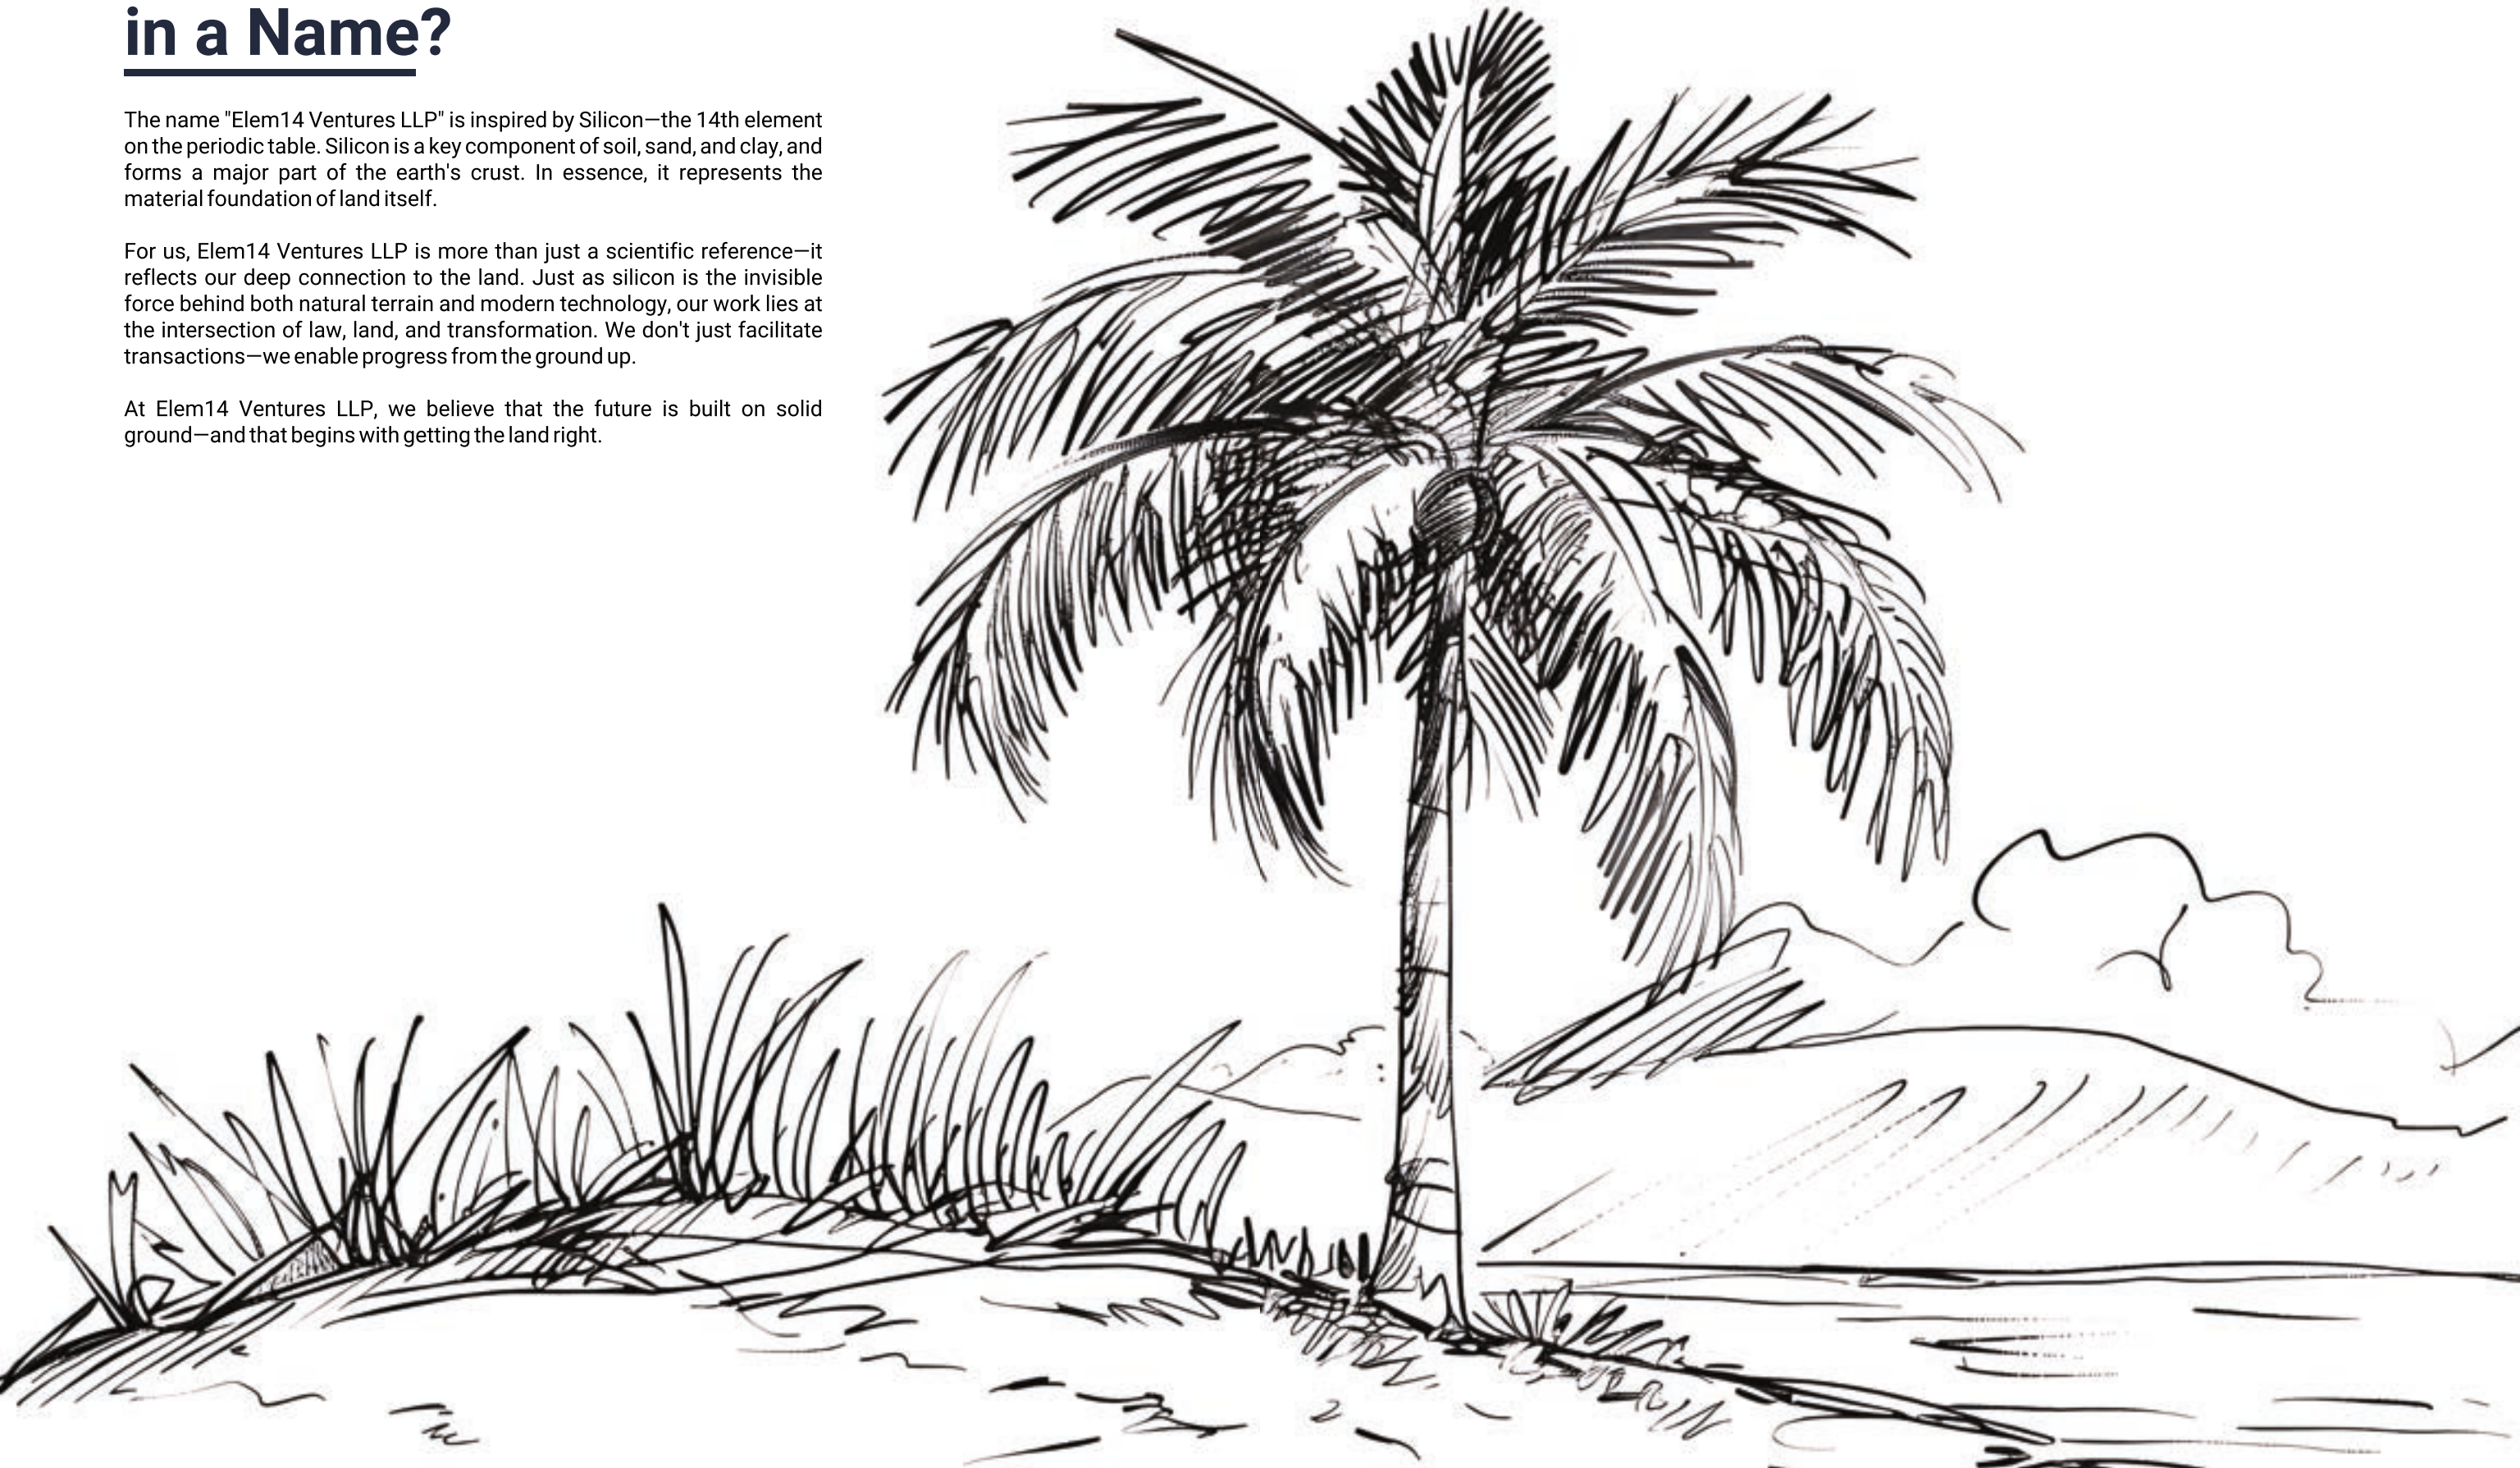

# What's in a Name?

The name "Elem14 Ventures LLP" is inspired by Silicon—the 14th element on the periodic table. Silicon is a key component of soil, sand, and clay, and forms a major part of the earth's crust. In essence, it represents the material foundation of land itself.

For us, Elem14 Ventures LLP is more than just a scientific reference—it reflects our deep connection to the land. Just as silicon is the invisible force behind both natural terrain and modern technology, our work lies at the intersection of law, land, and transformation. We don't just facilitate transactions—we enable progress from the ground up.

At Elem14 Ventures LLP, we believe that the future is built on solid ground—and that begins with getting the land right.

# "Deeds"—Our Identity, Our Ethos

At Elem14, our tagline "Deeds" isn't just a brand statement— it's the backbone of our culture and the standard we hold ourselves to every day.

In our line of work — aggregating land, navigating complexities, enabling development — deeds are more than legal instruments. For us, "Deeds" represent who we are, how we operate, and what we stand for.

## We Act, Not Just Speak

"Deeds" reminds us that action matters. Our value lies not in promises, but in outcomes. We show up, solve, and deliver — consistently, quietly and professionally.

## We Build on Integrity

Every land deal hinges on trust. Internally, this means being transparent with each other, holding ourselves accountable, and doing the right thing — even when it's hard. Our deeds define our reputation.

## We Create Lasting Impact

We're not just closing deals — we're shaping the future. Land carries legacy, and our work enables growth for generations. "Deeds" anchors us in the bigger picture: that what we do today echoes in the communities of tomorrow.

## We Own What We Do

Ownership isn't just legal — it's personal. Each of us takes full responsibility for the work we do, the relationships we build, and the value we create. "Deeds" is a reminder to lead with pride and purpose.

At Elem14, "Deeds" is not just a tagline — it's our internal compass. Let it guide our culture, our decisions, and the way we carry ourselves — with credibility, commitment, and care.

# Leadership Message

## *To Our Team,*

At Elem14, we chose the word "Deeds" as our guiding principle — not just for our brand, but for how We Think, Act, and Grow Together.

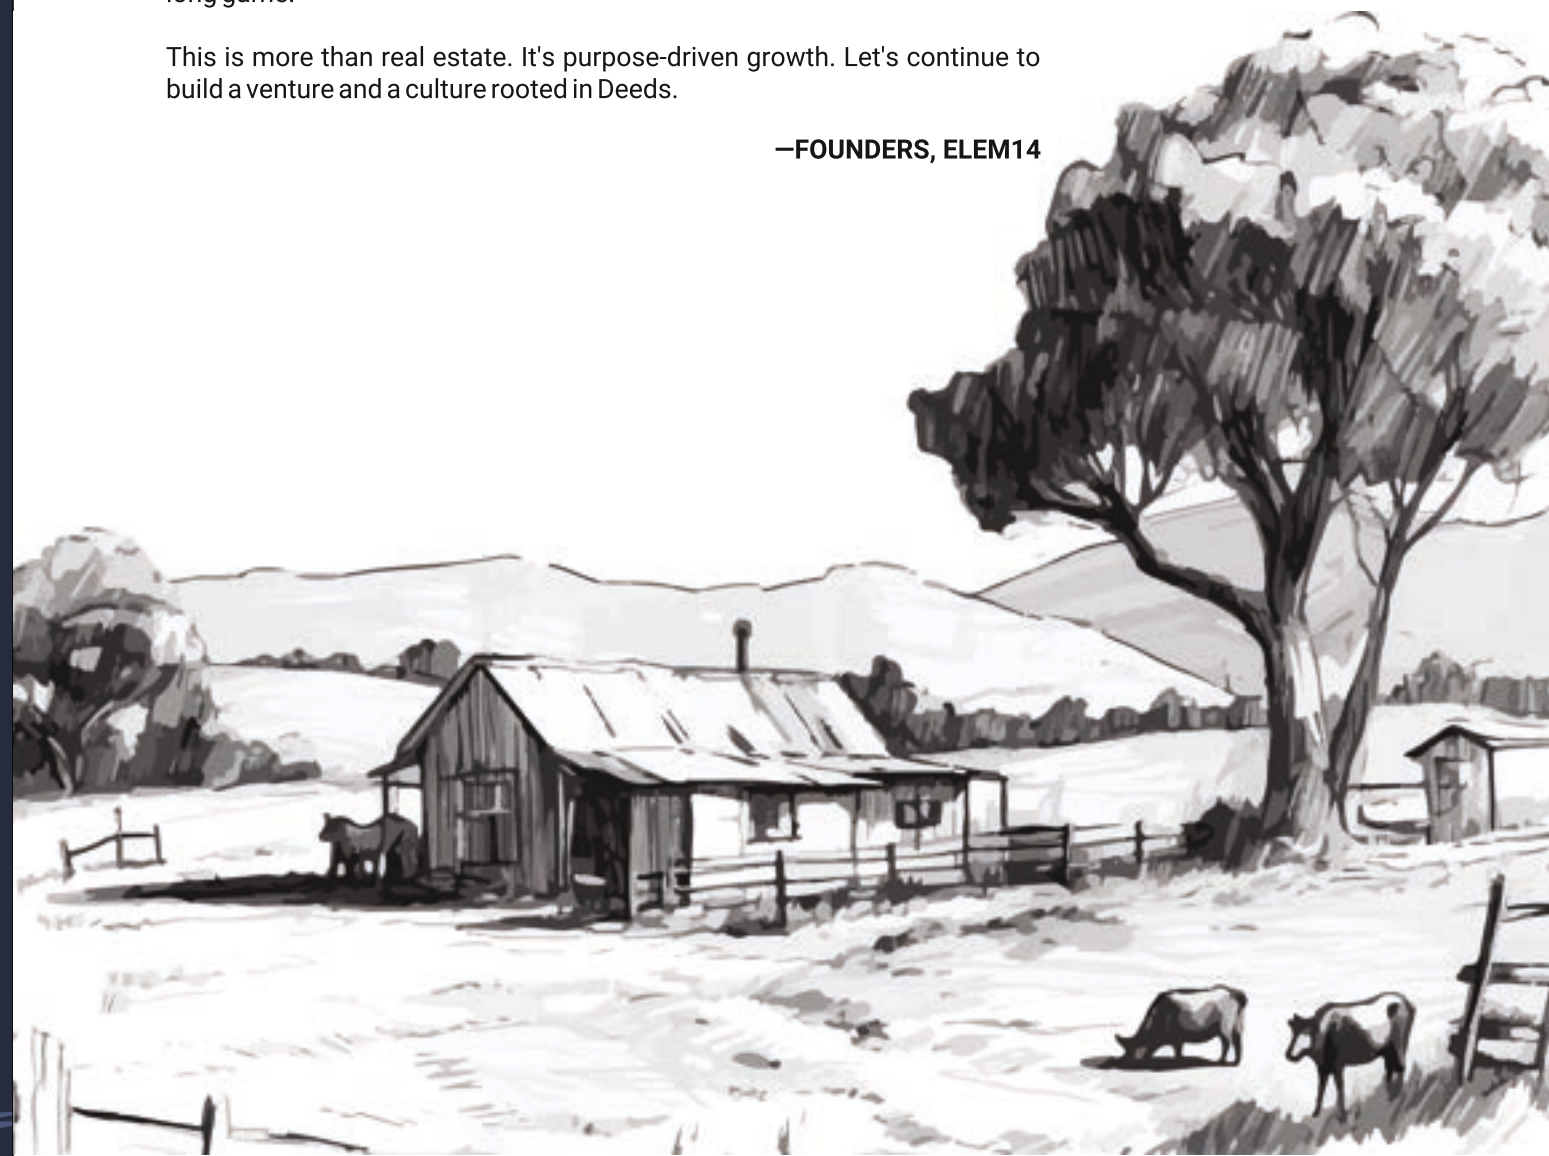

In land aggregation, what we deliver matters more than what we promise. "Deeds" reflects that — it stands for action over words, impact over image. It's about showing up with clarity, doing the hard work, and owning every outcome with integrity.

Every one of us contributes to shaping the future of land. The legacy of our work lives in every parcel we unlock, every document we vet, and every relationship we nurture.

"Deeds" is also a reminder to lead with responsibility — not just externally with clients and partners, but internally with one another. At Elem14, we value people who act, who take ownership, and who care deeply about the long game.

This is more than real estate. It's purpose-driven growth. Let's continue to build a venture and a culture rooted in Deeds.

—FOUNDERS, ELEM14

# Channel Partners & Associates

## Welcome to Elem14

As you join us, you'll notice our tagline — "Deeds" — woven into everything we do.

Here, land is not just transacted, it's transformed.

### Long-term mindset

We create value that stands the test of time.

### Doers, not talkers

We believe in action, results, and execution.

### Integrity-first

Transparency, honesty, and trust define us.

### Ownership in every role

Whether in the field or at a desk, we lead from wherever we are.

You can be part of a team that shapes land into opportunity and opportunity into legacy.

Welcome to a venture built on action, trust, and purpose at Elem14.

# What is Land Aggregation?

Land aggregation is the strategic process of identifying, evaluating, and assembling land parcels for future development, investment, or infrastructure creation.

It requires deep local insight, legal precision, and a forward-thinking approach.

At Elem14, we bring clarity to complexity, ensuring every transaction is anchored in trust, transparency, and value creation

# Our Core Services

## Land Identification & Suitability

We scout, assess, and qualify land parcels based on zoning, ownership clarity, infrastructure potential, and development feasibility.

## Planning & Documentation

From boundary demarcation to thorough title checks, we manage all regulatory and legal documentation for a smooth acquisition process

## Negotiation & Transaction Management

We engage directly with landowners to structure fair and respectful deals, and facilitate end-to-end transaction support — from offer to registration.

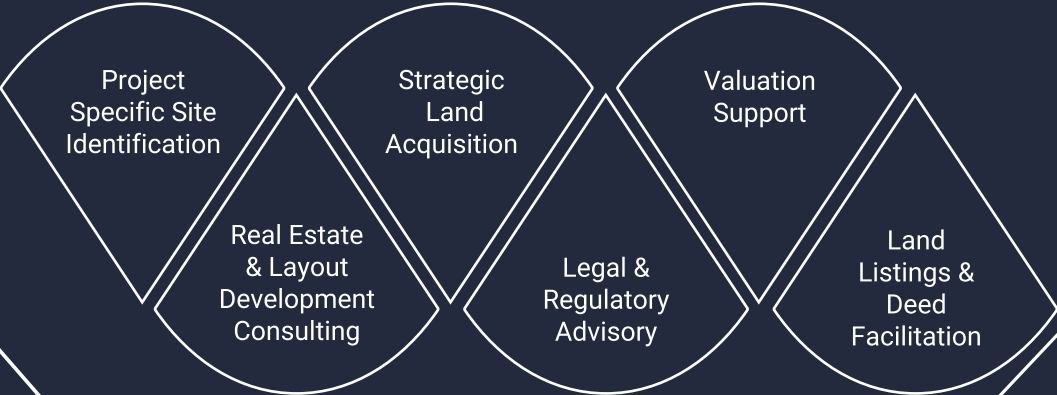

## Business Development Support

We work closely with clients to align land opportunities with business goals — enabling seamless integration into residential, commercial, or industrial visions.

# Beyond Aggregation Extended Capabilities

At Elem14 Ventures LLP, we offer a comprehensive suite of real estate and advisory services, ensuring clients benefit from an integrated approach:

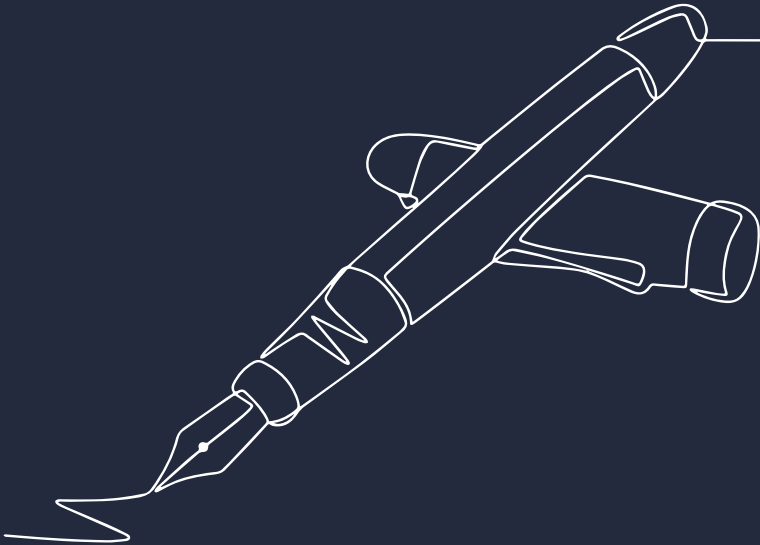

# Core Principles of “Elem 14 Ventures LLP” Business Integrity

“All our services and strategies are merit-based, and we operate with strict adherence to legal compliance and regulatory frameworks.”

“Our operations are entirely merit-driven, with a firm commitment to legal compliance and adherence to all applicable regulations.”

“We pride ourselves on offering services grounded in merit, while upholding the highest standards of legal and regulatory compliance.”

“At Elem 14 Ventures LLP, we deliver value through merit-based strategies, guided by a strict code of legal compliance and ethical conduct.”

# Navigating the Legal Landscape

Land aggregation in India is governed by foundational legislation. Our team ensures full compliance with applicable laws, including:

Relevant State and Local Regulations

Due diligence across titles, conversions, zoning, and more

# The Art & Science of Negotiation

---

At Elem14, negotiation is handled with discretion and empathy

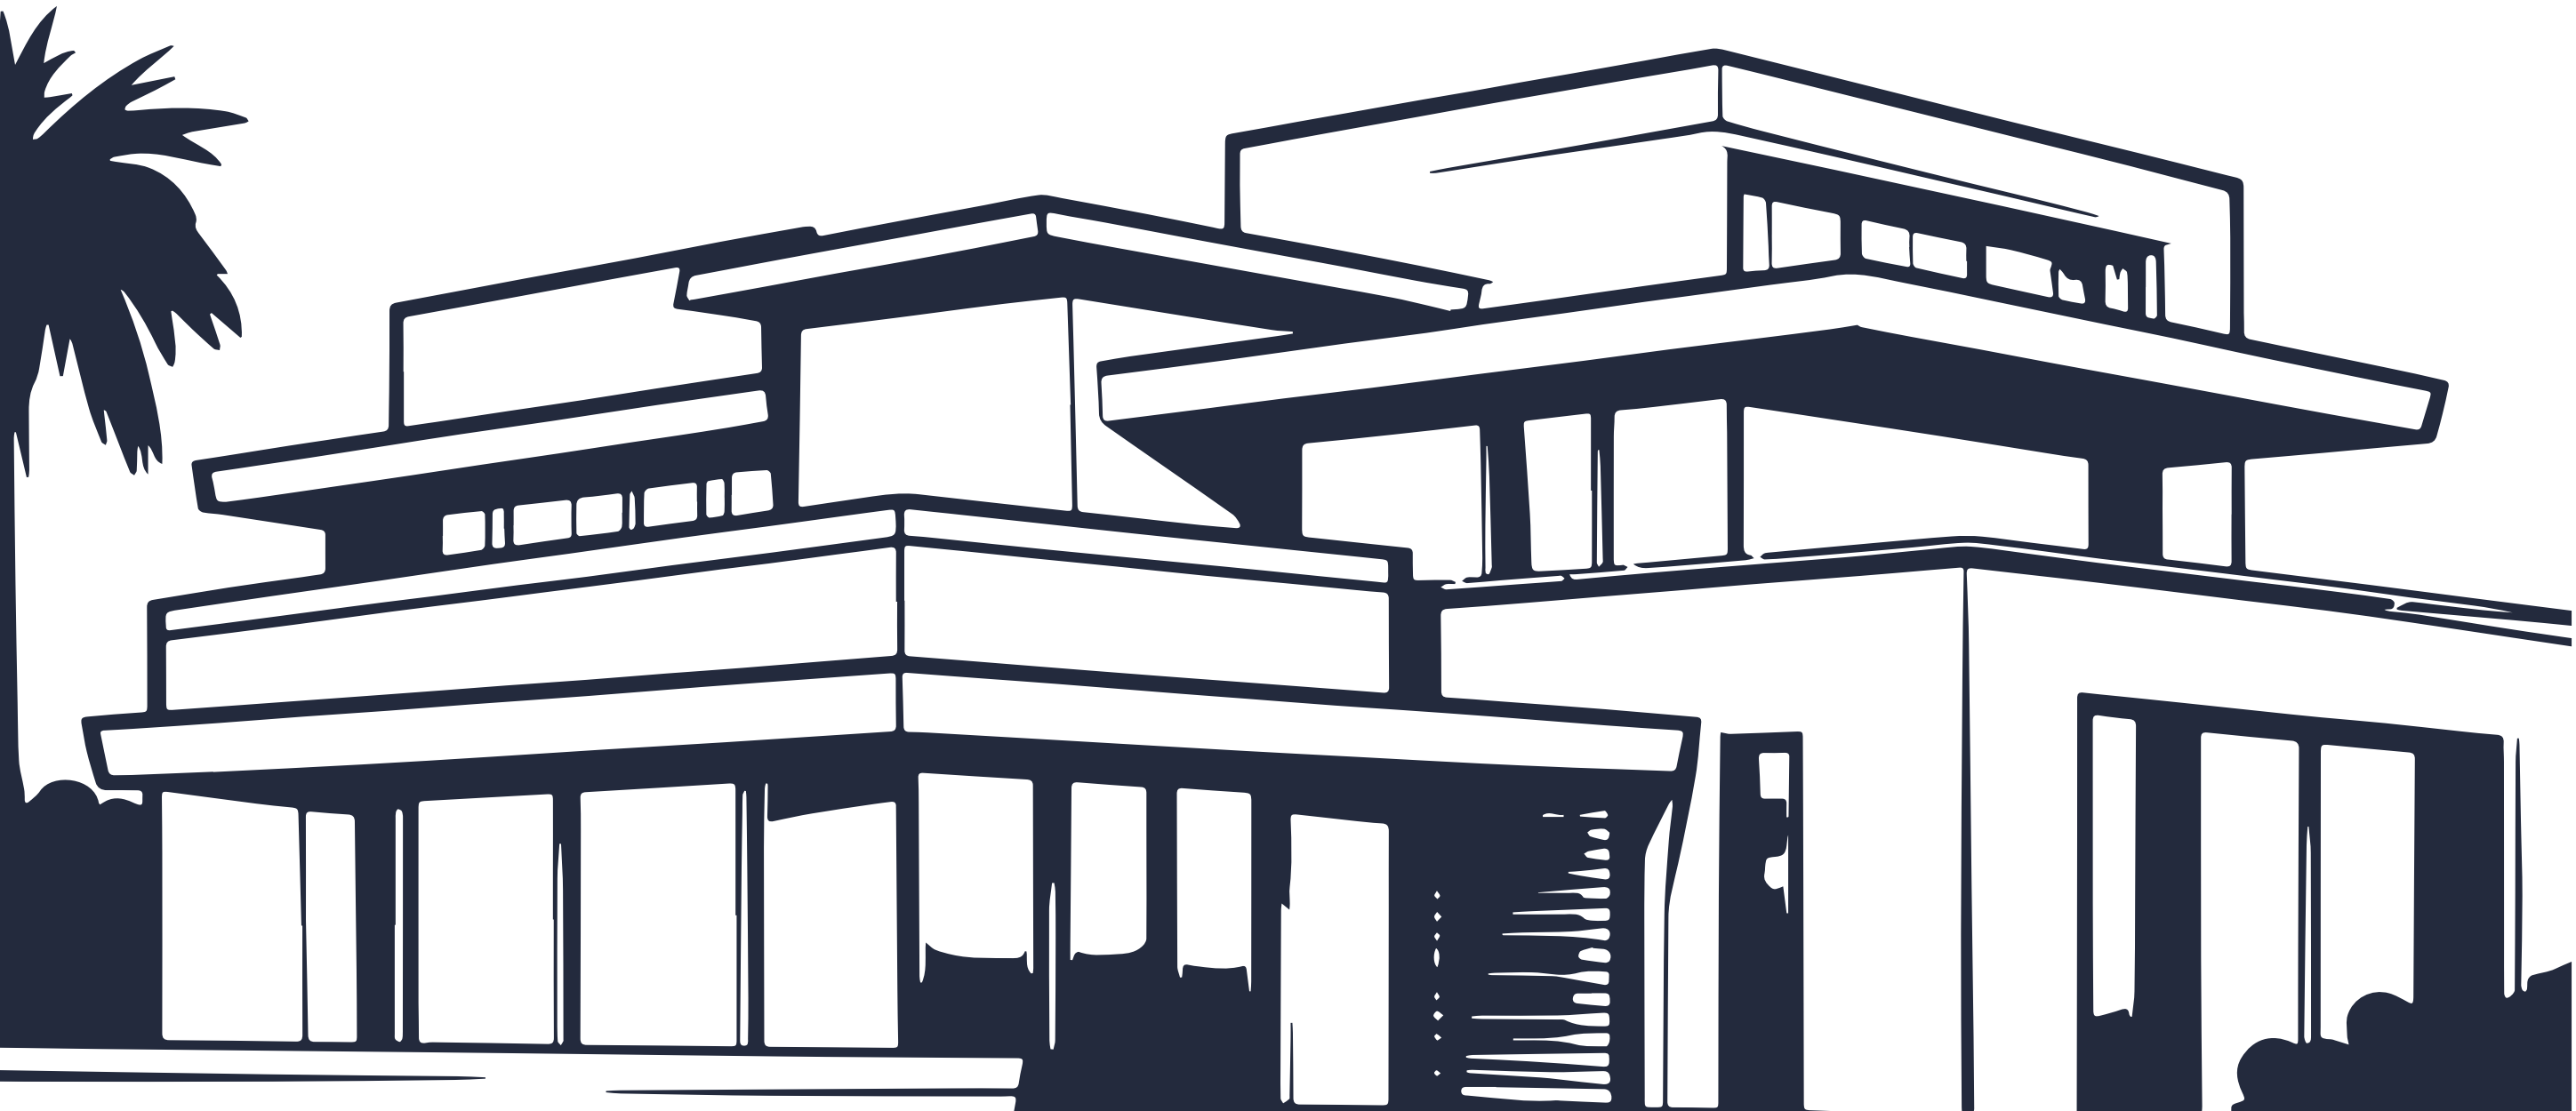

We engage landowners as stakeholders addressing their needs, concerns, and aspirations. Our approach builds trust, enabling long-term partnerships and smoother transitions.

# Business Development Creating Value from the Ground Up

---

Every parcel of land holds hidden potential.

Our business development team brings together market intelligence, regulatory strategy, and client vision to unlock value - whether for plotted developments, townships, industrial clusters, or institutional projects.
