

**The Appraisal Qualifications Board (AQB) Adopted New Education Requirements
to the Real Property Appraiser Qualification Criteria
Effective January 1, 2026**

**New Continuing Education Requirements
Effective January 1, 2026**

Effective January 1, 2026, all apprentice, licensed, and certified appraisers will be required to complete a course which meets the content requirements of the **Valuation Bias and Fair Housing Laws and Regulations** outline as set forth in the 2026 Real Property Appraiser Qualifications Criteria every two calendar years.

- a. The first time an appraiser completes a **Valuation Bias and Fair Housing Laws and Regulations Course**, the appraiser must complete the **seven-hour** course.
- b. Every two calendar years (each CE Cycle) thereafter, the appraiser must complete a **four-hour Valuation Bias and Fair Housing Laws and Regulations Course**.

**New Qualifying Education Requirements
Effective January 1, 2026**

Effective January 1, 2026, **new applicants** for apprentice, licensure or certification will be required to complete an eight-hour course in **Valuation Bias and Fair Housing Laws and Regulations** as part of the required core curriculum. This eight-hour course covers the same content as the seven-hour Valuation Bias and Fair Housing Laws and Regulations course, but includes a one-hour examination, as required for qualifying education.

If you currently hold an apprentice, licensed, or certified residential credential and need to complete your initial seven-hour Valuation Bias and Fair Housing Laws and Regulations course to meet continuing education requirements, you are encouraged to complete the accompanying one-hour exam. Completing the eight-hour course (7 hours plus a 1-hour exam) will meet both your continuing education requirement and, should you wish to upgrade in the future, your eight-hour qualifying education requirement.

Below is a revised outline of the Apprentice, Licensed, Certified Residential, and Certified General classifications, which includes the mandatory course on *Valuation Bias and Fair Housing Laws and Regulations*. Again, this new educational requirement will come into effect on January 1, 2026.

<i>Apprentice Appraiser Classification Required Core Curriculum- effective 1/1/2026</i>	
Basic Appraisal Principles	30 hours
Basic Appraisal Procedures	30 hours
Valuation Bias and Fair Housing Laws and Regulations	8 hours
