

# LIFT: Literacy Intervention for Teens

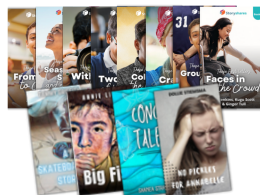

Transform literacy outcomes for English language learners and striving readers

Decoding and Fluency Intervention for Grades 6-12

Created for English Language Learners

## Paperback Books

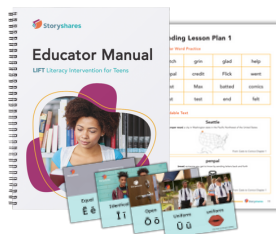

- 6 sets of 8-book decodable chapter book series
- 6 sets of 4 high-low books

Storyshares decodable and high-low chapter books were created by and for multilingual learners, featuring characters who have the experiences of being newcomers to a country and written in a way that support the development of English language and foundational literacy skills.

## Teacher Materials Set

- Implementation guide
- Physical manual (spiral-bound)
- Sound keyword cards & vocabulary cards

Educator manual includes a section on Centering Multilingual Learners. All lessons were created based on IES research on teaching academic content to newcomers and multilingual learners and with multilingual learners in mind. Vocabulary and letter-sound cards build foundational literacy skills while also supporting language acquisition.

## Student Materials Set

- Book Club Role Cards (1 set)
- Student Decoding Workbook\* (6 copies)
- Student Fluency Workbook\* (6 copies)
- Dry Erase Board & Markers (6 sets)

Book club role cards encourage collaborative oral language development through discussion prompts. The student decoding and fluency workbooks include scaffolds for written expression. Dry erase boards and markers provide students with a multisensory experience as they move through their interventions.

## Individualized Coaching & Support

- Implementation Session (45 min)
- Sold separately:
  - Asynchronous Educator Course by HILL (4 modules)
  - Intensive Coaching & Support

No two classrooms or school environments are identical. Our responsive coaching programs help educators internalize LIFT lessons, enabling them to address their students' unique needs and abilities. We guide teachers working with newcomers and multilingual learners on how to approach the curriculum by incorporating additional scaffolding and instructional routines tailored for students who are developing their English language skills.
