Reporting and Procedures

In the event of a safeguarding concern regarding an adult, Chimera Climbing will follow the same rigorous procedures established for safeguarding children and vulnerable adults. This ensures that all concerns are handled with the utmost care, urgency and confidentiality.

Steps to Take if There is a Concern:

1. **Recognise:** Identify signs of potential abuse or neglect.
2. **Respond:** React calmly and supportively. Do not promise confidentiality but reassure the individual that the concern will be addressed.
3. **Report:** Immediately report the concern to the Designated Safeguarding Lead (DSL) or a Deputy Safeguarding Officer (DSO). Reports can be made face-to-face or via our designated email address: safeguarding@chimeraclimbing.com.
4. **Record:** Document all details related to the concern using the Safeguarding Incident & Concern Report Form.
5. **Refer:** With the consent of the adult concerned, the DSL will refer the case to appropriate external agencies, such as social services or the police.

Creating a Culture of Safety

Chimera Climbing fosters a culture of openness, respect, and accountability. Staff, volunteers, and participants are encouraged to speak out about concerns without fear of reprisal. We are dedicated to ongoing training and education to ensure that everyone involved in our community understands how to identify and respond to safeguarding issues.
