## DESCRIPTION

When your skin is sad and blue you can use this cleansing oil for instant stress relief: it binds to leftover makeup, dirt, excess sebum to help eliminate and dissolve them. It turns into a milky lotion when in contact with water and it is easily rinsed off.

## HOW TO USE

Apply the product onto dry hands or directly to body before showering and spread the oil onto your dry face or body using circular movements. Rinse with lukewarm water.

## PROCESSING GUIDELINES

Heat ingredients of PHASE A to 35-40 °C while mixing. Add ingredients of PHASE B while mixing and cool down. Add water drop by drop till crystal solution.

## PHYSICAL-CHEMICAL DATA

**Appearance:**  
Clear to slightly hazy liquid

**Color:**  
Light Blue
