## DESCRIPTION

This oil shampoo is low foaming, and it performs a very gentle yet effective cleansing action. It contains a high content of water-soluble oil RESPLANTA to clean scalp and hair in a delicate way, while RESOLVING HAIR performs a conditioning and anti frizz action.

## HOW TO USE

- 1 Apply on and distribute on wet hair.
- 2 Massage well, rinse off, pat dry with a towel to remove water excess.
- 3 Blow dry and style as usual.

## PROCESSING GUIDELINES

Add under continuous mixing ingredients of PHASE A one after the other in order and mix till clear solution after each addition.
