## DESCRIPTION

Light gel cream formula that helps reducing signs of ageing and bags under the eyes. PANTROFINA® EYELIGHT BH is effective against puffiness and dark circles. EMULPHARMA ECOTECH is able to create gel cream with a firming sensation on delicate under eye area.

## HOW TO USE

Apply morning and evening on the eye contour area. Massage slowly and tap delicately till fully absorbed.

## PROCESSING GUIDELINES

Mix ingredients of PHASE A and stir till homogeneous. In a separate vessel mix ingredients of PHASE B till homogeneous mixture, add to bulk and mix under a high shear mixer. Add ingredients of PHASE C, mix and adjust pH.

## PHYSICAL-CHEMICAL DATA

Appearance:  
Gel cream

Color:  
White

pH:  
6,5 – 7,0
