DESCRIPTION

Body lotion with a light, melting texture; it is quickly absorbed and gives to the skin an immediate and new feeling of well-being, elasticity and softness. SHAPE THERAPY LT6 is ideal to formulate treatments and applications with firming and lipolytic properties.

HOW TO USE

Apply in the morning and/or at night and massage till completely absorbed.

PROCESSING GUIDELINES

Disperse Xanthan gum in glycerin and add it to water while mixing. Mix till creation of a smooth gel. Add EMULPHARMA MIMESIS and mix. Add Phase C and homogenize till creation of a smooth emulsion. Add Phase D, mix well and adjust pH.
