Refer all servicing to qualified personnel and follow the manufacturer's instructions for maintenance. 2. Servicing is required if the apparatus has been damaged, exposed to rain/moisture, or not functioning normally. 3. This equipment generates radio frequency energy and may cause interference with radio/TV reception; take measures to correct this by reorienting, relocating, or increasing separation between the equipment and receiver. 4. Consult a dealer or experienced technician for assistance. WARNING: Modifications not approved by the responsible party may void user authority to operate the equipment. Avoid placing this unit directly on surfaces with soft, porous, or sensitive finishes as it may cause marks or staining. Instead, use a protective barrier like cloth or glass between the unit and surface. CAUTION: Danger of explosion if battery is incorrectly replaced. Replace only with same or equivalent type. Do not expose battery to excessive heat, such as sunshine or fire. Keep new and used batteries away from children. WARNING: Shock hazard - Do Not Open. Battery shall not be exposed to excessive heat. If the battery compartment does not close securely, stop using the product and keep it away from children. WARNING: DO NOT INGEST BATTERY, CHEMICAL BURN HAZARDS. Seek immediate medical attention if batteries are swallowed or placed inside the body. Overview Power and Batteries To power the unit, plug in the AC adapter on the back into a standard outlet. To use battery power, insert 2 AAA batteries (not included). The battery backup is intended for short power outages only, but primary functions cannot run solely on battery backup. Do not mix old and new batteries or different types of batteries. Page 1 of 2 Next » Digital AM/FM Clock Radio Model: ONB14AV201 WARNING: TO REDUCE THE RISK OF FIRE OR ELECTRIC SHOCK, DO NOT EXPOSE THIS APPARATUS TO RAIN OR MOISTURE. CAUTION: USE OF CONTROLS OR ADJUSTMENTS OTHER THAN SPECIFIED MAY RESULT IN HAZARDOUS RADIATION EXPOSURE. CAUTION RISK OF ELECTRIC SHOCK DO NOT OPEN Note: Main plug is used to disconnect the device and should remain readily operable during intended use. To completely disconnect, pull out the main plug from the socket outlet. Batteries such as nickel-cadmium (Ni-CAD) and nickel-metal hydride (Ni-MH), etc., should be placed in the location indicated by a label on the device, provided that label is fixed underneath a removable lid or located at the bottom of the apparatus with a weight not exceeding 7 kilograms.
