Date of TMD	13 November 2025
Overview of this document	This document is a target market determination for the purposes of section 994B of the <i>Corporations Act 2001 (Cth)</i> (Corporations Act) in respect the Fund which is issued by us. This document is not a product disclosure statement (PDS) and does not take into account any particular investor's objective, financial situation or needs. Potential retail investors should refer to our PDS and consider obtaining independent financial product advice before deciding to invest in the Fund. Prospective Retail Clients should also review the following available under Forms on our website: - Financial Services Guide (ESG) - Terms and Conditions (Terms).
Overview of the Fund	The Fund is a registered managed investment scheme, organised as a unit trust. When money is contributed to a registered managed investment scheme, it is pooled together with other investors' money and they are issued with units. The units are a measure of the investor's beneficial interest in the Fund and the Fund assets as a whole. We may issue units in different classes. We invest the pooled money and manage the assets of the Fund on behalf of all scheme members (unit holders). We hold the assets in our own name (on behalf of unit holders) but may appoint a custodian to do this. The Fund is governed by a constitution ('Constitution'). Together with the Corporations Act, the Constitution sets out the rules and procedures under which the Fund operates and our rights, responsibilities and duties as responsible entity, as well as those of investors. A copy of the Constitution can be inspected or provided free of charge upon request. The application and withdrawal price is fixed at \$1 per Unit. With a typical share or fixed interest fund, the unit price varies as the market price of the relevant fund's assets rises or falls. The unit price for the Fund does not vary given the nature of the Fund's investments and the terms of its Constitution. The minimum investment, withdrawal and account balance amounts are set out below. - Initial investment \$100 minimum - Additional investment \$100 minimum - Withdrawal \$10 minimum - Account Balance \$100 minimum We may accept lesser amounts at our discretion. Subject to the minimum requirements in the table above, an investor can increase their investment at any time by buying more units and decrease their investment by withdrawing or transferring some of their units. A key risk of an investment in the Fund is that there is no guarantee that the value of the investment in the Fund will be maintained – the value may rise or fall. Significant investment risks are set out in the Fund's PDS which is available on our website under "Forms".
