This document is intended to provide general securities advice only, and has been prepared without taking account of your objectives, financial situation or needs, and therefore before acting on advice contained in this document, you should consider its appropriateness having regard to your objectives, financial situation and needs.

* "Yield to Call Date" assumes that the Issuer uses its option to re-pay the security at the call date. The Issuer also has the option to allow the security to run to the final maturity, or in some cases perpetuity, in which case yields to the final maturity date can differ to the yield to the call date. Potential investors should contact the Fixed Income Desk to determine what the yield to final maturity may be.
