

INGREDIENTS

Pistacia vera extract

contains natural phyto-melatonin. Melatonin is a hormone crucial for regulating your sleep-wake cycle, helping you fall asleep, have adequate amounts of deep and REM sleep, and wake up feeling refreshed. Besides its critical role in sleep regulation, melatonin has several other potential health benefits. It is known for its powerful antioxidant properties, which may help support overall health and protect your body from oxidative stress. Unlike synthetic melatonin, our natural melatonin, derived from pistachios, offers a gentler, more harmonious approach, aligning with your body's natural rhythms.

- ✦ Reduces your sleep onset latency
- ✦ Naturally regulates your sleep cycle
- ✦ Relaxes your nervous system
- ✦ Reduces grogginess and other side effects of synthetic melatonin
- ✦ Provides a more natural sleep pattern

ABOUT THE PRODUCT

B-SYNC® OFF Gummies are a clinically tested sleep supplement designed to help you fall asleep with ease. B-SYNC® OFF Gummies is a revolutionary sleep supplement, thoughtfully formulated with natural melatonin derived from pistachio extract. Unlike synthetic melatonin, which can sometimes cause grogginess or diminish in effectiveness over time, our natural melatonin not only helps you fall asleep faster but also supports a more restful and regenerative sleep experience.

The pistachio extract in our gummies provides a potent source of melatonin, enriched with natural antioxidants and nutrients that promote overall well-being. This holistic approach ensures that your body benefits from more than just better sleep—you're also supporting your body's natural balance and resilience. B-SYNC® OFF Gummies offer a delicious, side-effect-free way to enhance your sleep routine from the very first intake, with scientifically proven effectiveness and perfect tolerability, making them a superior alternative to synthetic options.

THE STORY

A big part of the population suffers from sleep difficulties. We, at Galventa, want to address this and have designed a sleep supplement that provides relief for those struggling to fall asleep. Introducing a natural melatonin form packed into delicious gummies, B-SYNC® OFF Gummies provides fast sleep onset with a relaxing, regenerative, and natural sleep, and without grogginess, headaches, or bad dreams, helping your body and mind to rest and reset.
