

## **Club Transfer Policy**

**Purpose:** The purpose of this policy is to provide information to clubs and players as to when a Club Transfer Form is needed and the process that is involved in transferring between Junior Clubs.

**When a Club Transfer Form is needed:** A club transfer form is needed for any player who has played Junior Club Basketball with a registered Club in the Logan Basketball Junior Club Competition and wishes to commence playing for a different Club.

### **Procedure for Club Transfer:**

1. The player wishing to transfer clubs must complete Section 1- Personal Details and Player Request to Transfer and pass onto their Current Club for approval.
2. The Current Club has 7 days to complete Section 2- Transfer Approval/Denial from Current Club and pass the form onto Logan Basketball. (Please note a Club Official must sign off this part of the form or provide written confirmation via email to the Junior Competition Coordinator).
3. Once received by Logan Basketball, a Logan Basketball Representative will complete Section 3- Transfer Approval/Denial from Association or provide written confirmation and forward a copy of the form onto the new club.

### **Waiting Period after a Player Transfer:**

For any transfer approved mid season, there will be a mandatory waiting period of 2 competition rounds from the time that transfer has been approved by Logan Basketball.

### **Applications for Exemption to Waiting Period:**

Club delegates may apply for an exemption to waiting period on behalf of the player if:

- The player's original club does not offer a team in the player's age group/gender.
- Any other exceptional circumstances to be considered by LBI.

All applications must be made in writing to the General Manager of Logan Basketball.

### **Reasons why a Transfer may be declined:**

- If the player has been deemed unfinancial by their current club;
- If it is in the best interest of the greater competition for a transfer not to be granted as determined by Logan Basketball.
