## 1. Purpose of Strategy

The Working with Children (Risk Management and Screening) Act 2000 and the Working with Children (Risk Management and Screening) Regulation 2011, and the Child Safe organisations Act 2024 require regulated organisations, such as Logan Basketball to develop and implement a Child and Youth Risk Management Strategy (CYRMS) and a Reportable Conduct Scheme.

## 2. Our Commitment

Logan Basketball is committed to creating a safe and supportive environment for all, as such, we have embedded a culture of child and member protection in all we do and commit to:

- Ensuring that all workers always treat children and young people with respect and understanding,
- Ensuring that those who regularly deal with children and young people undergo the Working with Children Check and hold a positive notice Blue Card (where exemptions do not apply),
- Prohibit any form of abuse against children,
- Carefully select, screen and monitor people whose roles require them to have regular contact with children,
- Ensure Logan Basketball's Codes of Conduct for interacting with children and young people are promoted, enforced and reviewed,
- Provide clear procedures for raising concerns or complaints, and
- Provide education and/or information on child abuse and child protection

Logan Basketball as a member of Basketball Queensland (BQ) and is bound by the BQ Constitution and By-Laws. Basketball Queensland and Logan Basketball have adopted the [Basketball Australia Child Safeguarding Policy](#) which details our commitment to the protection of children and young people.

In addition to this, Logan Basketball has drafted this strategy and policy to ensure that there is an emphasis on providing a safe and supportive environment for children and young people.

## 3. Child and Youth Risk Management Policy

All classes of individuals who should comply and who directly and/or interact with children under the age of 18 on a regular basis will undergo the Working with Children Check and will hold a positive notice Blue Card.

Those who should comply and who do not undergo a Working with Children Check or hold a Blue Card will not be permitted to regularly interact with children or young people. If an individual's application for a Blue Card is refused, Logan Basketball has the duty to refuse that person's involvement with children and young people.

Individuals are not required to undertake a Working with Children check or hold a Blue Card where exemptions apply (as defined by the Commission for Children and Young People and Child Guardian), namely, children under the age of 18 years who are volunteers, employees, referees and or casual staff (further information is available using this [LINK](#)). If there are doubts about the person in question; however, the person will be required to undergo the check and hold a Blue Card (where the exemption does not apply).

An individual unless exempt must have a valid Blue Card **before** they start working with children and young people on a regular basis (as defined above). The LBI Management Committee has determined that all adult volunteers regardless of any exceptions that may exist within the Blue Card Policy must hold a valid Blue Card.

Where there is evidence, disclosure or reasonable suspicion of harm or abuse to a child or young person within Logan Basketball, the Department of Communities, Child Safety Service or the Police will be notified immediately.

All disclosures and allegations of child abuse must be referred to the General Manager and will be dealt with promptly, seriously, sensitively and confidentially. A person will not be victimised for reporting an allegation of child abuse and their privacy of all persons concerned will be respected.

When recruiting volunteers and employees, they will be screened to ensure that they fit Logan Basketball's culture and the requirements of the position to be filled. In screening volunteers and employees, Logan Basketball recognises the importance of assessing the skills, experience and availability of potential volunteers and employees or their commitment to gathering the necessary skills and experience to match them to the needs of Logan Basketball. Training will be provided to volunteers and employees to outline their responsibilities under Logan Basketball's policies. Training will also be provided to assist in being alerted to the nature of harm which can occur to children and young people and how to respond to disclosures or suspicions of harm.

## **8. Handling Disclosures and Suspicions of Harm**

When those who should comply with this policy are confronted with disclosures of harm or suspect harm to children and young people they will respond professionally and in the best interest of the child or young person subjected to the alleged harm. Complaints are to be immediately referred to the General Manager and will be dealt with promptly, seriously, sensitively and confidentially.

Anyone confronted with disclosures of harm must:

- Not react in a shocked or critical way,
- Reassure the child or young person that they have acted appropriately in bring the matter to their attention,
- Advise the child or young person they need to tell someone else who can help the child or young person,
- Reassure the child or young person that they will only tell someone who will make them safe, and
- Believe the child or young person and assume they are telling the truth.

Following a disclosure of harm from a child or young person Logan Basketball will investigate whether the allegation should be reported to the Queensland Police Service or the Department of Communities, Child Safety services. If the incident(s) are serious or criminal in nature, Logan Basketball's response should be immediate. All other allegations should be actioned as soon as possible, preferably within 24 hours. ## 10. High Risk Activities and Special Events

Volunteers and employees and others interested parties have less control over events and activities which are conducted away from Logan Basketball's home courts at Cornubia. Logan Basketball volunteers and employees must, therefore, ensure that participating in away events or activities will not compromise Logan Basketball's commitment to providing a safe environment for children and young people by:

- Ensuring that enough information has been provided to parents or carers so they can make an informed decision about whether they want their children to attend, and
- Evaluating any risks involved with attending the event and developing procedures to minimise those risks, and
- Ensuring that event organisers are committed to an environment which is safe and friendly for children and young people and that they have developed policies and procedures supporting such an environment.

Parents and guardians often turn to sport as a safe place for children to build character, develop skills, and learn valuable lessons and to have fun. While involvement in sport generally provides a positive experience for most participants, parents are now aware that children can face the risk of being harassed and abused in sport.

In addition to Logan Basketball's volunteers and employees, parents can play a key role in creating a safe environment for children in sport. The following actions will help parents contribute to providing a safe environment:

- Get involved and get to know your child's coach,
- Maintain open and frank communication with the coach and Logan Basketball,
- If things occur that disturb you, talk to the coach about them,
- Speak out when you hear language or attitudes that contribute to a negative or unsafe environment,
- Be careful not to put coaches on pedestals and believe that they can do no wrong,
- Tell your children it is ok to say **NO** if the coach is doing something that makes them feel uncomfortable,
- Try to attend training and games whenever you can,
- Be wary of private, closed training sessions, if they occur on a regular basis ask the coach for an explanation,
- Be wary of any increases in the amount of time the coach spends with your children beyond the training session,
- Be wary of letting your child travel alone to and from training or games with the coach,
- Make sure you are not part of the problem,
- Don't engage in verbal abuse of officials, umpires, coaches or others,
- Know and abide by Logan Basketball's codes of conduct and encourage others to do the same,
- Encourage your child to play by the rules, and
- Never ridicule a child for making mistakes.

## **11. Consistency**

In order to ensure compliance with the Blue Card system and this Child and Youth Risk Management Policy, Logan Basketball has a Blue Card Policy and Procedure in place and maintains an [Employee Register](#) (a written record of all paid employees and volunteers involved in child-related activities within the Association).

Paid staff of Logan Basketball receive training on the CYRMS at their Induction and regular ongoing training. Reference to the CYRMS is also included within staff position descriptions.

Children and young people within Logan Basketball are made aware of their rights and obligations via team/squad member agreements (for those in representative teams) and via Logan Basketball's range of digital communication (website and social media).

Parents, Members, and the general public are made aware of our commitment to child and member protection via Logan Basketball's range of digital communication (website and social media).

## **12. Support Mechanisms**

This is to ensure integrity and minimise potential trauma to staff. If required, external counselling will be made available for staff and volunteers affected.
