

“Technology is nothing.
What’s important
is that you have faith in people,
that they’re basically good
and smart,
and if you give them tools,
they’ll do wonderful things with
them.”

Steve Jobs (1955-2011)

Technology entrepreneur, Co-founder of Apple

Pupils in a Jesuit school are growing to be **faith-filled** in their beliefs and **hopeful** for the future.

Jesuit schools help their pupils grow by passing on the living and **faith-filled** tradition of Jesus Christ; by having persevering **faith** in their pupils, and by encouraging them, in turn, to have **faith** and **hope** in others.
