IN-HOSPITAL PAEDIATRIC CARE – INSURED PATIENTS

Payment for Paediatric services is to be settled **BEFORE** your hospital admission.

Paediatrician Fee Advice - 1st August 2026

Payment due by 32 weeks of pregnancy

ESTIMATE OF MEDICAL FEES

The following in-hospital paediatric services are a requirement of Greenslopes Private Hospital.

Initial attendance at delivery or initial assessment of baby: A paediatrician will review your baby either at delivery OR following birth. All complex deliveries including Caesarean sections will require a paediatrician to be present at the delivery.

Discharge check: All babies will be reviewed by a Paediatrician before discharge to ensure they are safe to go home. This will include a review of the chart, a physical examination, and a discharge plan.

If unforeseen circumstances should arise for your baby during your admission, it may be necessary to arrange additional medical services. If this happens there may be additional costs to you that are not covered by this estimate.

***Please see Registration Form for In-Hospital Paediatric Care for a breakdown of fees, additional costs.**

Please note that this is an estimate only of the fees charged for this service. It does not cover services provided by other doctors, such as anaesthetists, radiologists or pathologists, or other costs associated with your stay in the hospital, such as accommodation, pharmacy, or physiotherapy.

Please Note:

- With the right level of health insurance, your baby will be covered in the event of an admission to the Special Care Nursery. As each private health fund has different qualifying requirements and cover arrangements, please check with your fund to see if you have cover in these circumstances.
- A friendly reminder to upgrade cover: Please ensure that you upgrade your level of private health insurance to include new addition/s well in advance of your due date. This is to make sure that any applicable waiting period has ended before your admission to Maternity.
- If you are a member of the Australian Defence Force, please ensure that your medical cover is extended to cover your baby before you are admitted to Maternity.

DECLARATION BY PATIENT OR GUARDIAN:

I understand that this is an estimate only and may be subject to variation. I acknowledge that it is my responsibility to confirm with my health insurance fund the level of cover that I have and any amount that I will be responsible to pay. I further acknowledge that I have been informed of the possible cost of any extra reviews that may be required during the hospital stay. I have been advised that other health professionals may be involved in my treatment, and I understand that this estimate does not include their fees or charges unless specifically stated otherwise.

I authorise Greenslopes Babies to lodge bulk bill claims with Medicare and health fund claims relating to medical services and extra attendances by the Paediatrician.

Due to the Federal Privacy Act (2001), Greenslopes Babies requires your consent to collect personal information about you. Please read this information carefully and sign where indicated below.

This practice collects information from you for the primary purpose of:

- Administrative purposes in running our practice. This will include third party providers involved in your care whilst an inpatient.
- Billing purposes, including compliance with medical and health insurance commission requirements.

Assignment of Benefit

I assign my rights to the Medicare benefits payable for this consultation directly to the health professional/s who rendered the services. I understand that these benefits will be accepted as full or partial payment of my medical account.

Authority to Disclose Information

I authorise the health professional/s and their authorised administrative staff to collect, use, and disclose relevant clinical, demographic, and billing information to Medicare for the purpose of processing, managing, and reconciling claims relating to my consultation.
