

5 Steps to Build **Your Career Pathway**

You do not need to know what you want to do yet. Start here and find out.

1

Sign up

Go to CareerPathway.com and click Sign up. Use a personal email address, not your school one — you will keep this account after you graduate.

2

Build your profile

Take 10 minutes. Add your name, school, work experience, and interests.

3

Explore 2–3 pathways

Take 20 minutes in the Discover tab. Look at industries, employers, and posts from people already doing the work.

4

Make a simple plan

Take 15 minutes. Map your steps from education to career, with a rough timeline.

5

Share what you found

Take 10 minutes. Share your searches and your pathway plan with the class.
