GALVESTON, TX– Guests will find themselves in the middle of the action when Moody Gardens features *Octopus: Blue Planet II 4D Experience* inside the 4D Special FX Theater.

The 4D Special FX theater and seating in this special attraction add a whole new dimension to life. High-definition 3D projection combines seat sensors, leg ticklers, wind, snow, scent, and water splashes to engage all the senses.

Dive beneath the surface to explore how the octopus masters physical and mental skills to outwit and escape its underwater rivals as it navigates our planet's ocean. Inspired by the critically acclaimed BBC series "Blue Planet II," this special-effects experience takes you beneath the surface to explore dynamic oceanic landscapes and one of the most captivating creatures that dwells there: the octopus. Discover how this eight-tentacled wonder masters physical and mental skills to outwit and escape its underwater rivals.

This film is produced by SimEx-Iwerks, the world leader in cinematic attractions specializing in 4D Theaters.
