A man and a woman are seen from behind, embracing each other. The man is wearing a blue denim shirt, and the woman is wearing a red and white plaid shirt. They are standing in front of a two-story house with a grey roof and white trim. The background is slightly blurred, showing trees and a clear sky.

Welcome to Ovation, Florida's premier member-owned insurance provider.

## Membership has its privileges

You can relax knowing you're insured by a company managed by proven industry leaders. Our experienced team performs all day-to-day operations and has excelled at doing this since 2005.

## Your contributions work for you

Members pay an annual premium and contribute to a surplus fund – a safeguard against future uncertainties, crucial in hurricane-prone Florida. Premiums are used for member claims; any unused funds continue to grow, potentially reducing future premium costs.

## Every member is a VIP

Get the home protection you need at a wallet-friendly price. There's no need to compromise – you can choose a smarter way. At Ovation, we're a community of Florida homeowners looking out for each other.
