Our service monitors social networks, the dark web, and more – alerting you to suspicious activity in real time. Policyholders enjoy an easy-to-use online dashboard and personal assistance to resolve hacked or imposter accounts, spam, malware, phishing attempts, or harmful content.

## Cyber-Threat Protection

- 24/7 monitoring of major social networks
- Identifies fake profiles using your name or photos
- Allows you to quickly shut down phishing and malware attacks
- Detects exposed personal information on dark web
- Identifies fraudulent links associated with your profiles
- Protects your online reputation & relationships
- Up to \$25,000 in account restoration expense reimbursement

## We're Here to Help

This coverage safeguards your social media presence. You'll have access to a consumer fraud specialist to help you restore your accounts to their pre-breach status. Plus, there is no deductible and it's affordably priced.
