A man in a tuxedo and a woman in a formal dress are in a swimming pool at night. The man is leaning over the woman, who is partially submerged. In the background, a waiter in a tuxedo stands in the pool holding a tray with a bottle and glasses. The pool is surrounded by a large, ornate building with many arches and columns, illuminated by warm lights. The sky is dark with some clouds.

URBAN. FRESH. REAL.

A FUSION OF ELEMENTS

Steel. Brick. Glass. Midtown 6 has refined and transplanted these familiar elements, introducing something quite surprising to a skyline that calls for an infusion of fresh and new. It's a modern interpretation of a New York loft-style building, with neighborhood scale and generous space. Configured as two intersecting L-shaped forms, the building is organized as an overlap between urban style and skyscraper living. Solid architectural brick planes intersect with glass volumes, creating visual movement up and down the building.

➤ Midtown 6 introduces 398 units rolled out in 36 creative unit types: **Mews, Midrise, Tower & Penthouse** starting at the \$300s

There was a time when the name Miami Beach was synonymous with elegance and glamour. When life moved at a different pace. When true luxury was defined by an attention to detail and a sense of refinement that has long since been forgotten. Today that time returns in a place called Caribbean. Here, true Miami Beach style can be more than just a dream.

It can be the *lifestyle* you've always dreamed of.

THE MAGIC OF MIAMI BEACH

Miami Beach is as *legendary* as it is romantic. Day-to-day life is an extraordinary mix of cultures, influences, inspirations, sights, smells and sounds. This is the hottest city in the world, where everything is a true original. Where the sun shines on rainy days. Where conversations are peppered with many languages. It's special. Living here is shopping, dining, relaxing and people watching par excellence.

metropolitan

met square

If you live in the Metropolitan Miami neighborhood, Met Square might just end your love affair with the car. What's awesome is it that the elevator could be your primary mode of transportation? With shops, more service stores all located in Met Square, we nominate walking as the newest urban sport. For those who love the city, Met Square is a destination like all the other great South Florida destinations. So when your friends ask you to go, tell them you want something new, fresh and fun. Tell them "Met Square." (And by the way, there's a lot you need it.)
