

EBSCO Databases

Your Source for Trusted Research Content

EBSCO Hospital Package

The EBSCO Hospital Package combines **MEDLINE Complete** and the **Patient Education Reference Center (PERC)** to support evidence-based healthcare. MEDLINE Complete offers access to thousands of leading biomedical and health journals, while PERC provides easy-to-understand, multilingual patient education handouts that help healthcare professionals improve patient communication, engagement, and health outcomes.

Dentistry & Oral Sciences Source (DOSS)

A comprehensive full-text database covering all areas of dentistry and oral health. It provides access to leading peer-reviewed journals, evidence-based research, and clinical information to support education, research, and patient care.

CAB Abstracts + Veterinary Source

A comprehensive research solution for veterinary medicine, agriculture, animal science, food science, environmental science, and related life sciences. It combines the extensive indexing of CAB Abstracts with high-quality full-text veterinary journals, enabling researchers, educators, clinicians, and students to access trusted scientific literature for evidence-based research, teaching, and clinical decision-making.

Download the **EBSCO Mobile app**, a pocket-sized solution for accessing your library's resources.
