

FQHC 340B COMPLIANCE

The Preferred Resource for
Community Health Centers

OUR STORY

After starting as an independent consultant performing annual 340B audits in 2017, our firm has grown to support community health centers in managing all aspects of their pharmacy and 340B Programs. Our service offerings continue to expand as health centers express new and emerging needs.

OUR MISSION

To support safety net providers in managing and optimizing compliant 340B Programs, enabling focus on patient care.

WHY US?

Our diverse team of accountants, auditors, pharmacists, and 340B experts provide a robust support system for your 340B Program that cannot be obtained through the hiring of any single individual. Our Apexus Certified 340B Expert leadership team is relied upon for national health center education and support, and would love to be your partner too!

OUR SERVICES

340B Monthly Coordinator Services

Monthly audits to ensure continued 340B compliance and optimization.

Entity-Owned Pharmacy Services

Comprehensive support to maximize compliance, efficiency, and sustainability for new or existing entity-owned pharmacies.

External Audits

Independent audit of your 340B Program, modeled after HRSA audits, to ensure your organization is HRSA audit ready.

HRSA Audit Support

Assistance in HRSA audit preparation, data consolidation and submission, and on-site support.

Referral Capture Services

Policy and procedure support and referral prescription processing in line with your health center's defined parameters.
