

The Recycler

CURBSIDE *Composting*

Composting AT HOME

- Add food scraps to your yard debris cart
- We'll take your organics to a local compost facility
- Organic material is monitored while it breaks down and reaches temperatures of 140°F

- Add food scraps to your compost bin
- Layer browns and greens in a 2:1 ratio and turn every 2 weeks
- Over time the material will break down creating a rich soil full of nutrients

The rich compost provides fresh nutrients to growing plants

"Think of the city as a living system. Our compost facility works much like a yogurt or sourdough producer, and an immune system combined. Just as each batch of yogurt or sourdough is inoculated with beneficial microbes that transform the food and support health, our compost uses billions of naturally occurring microbes to process organic waste from across the city.

The result is nutrient-rich soil that returns to local parks and gardens with vibrant soil life and a healthy soil "immune system" that protects plants, conserves water and distributes nutrients. By cycling these local nutrients and microbes back into the environment, we help create a more sustainable system that strengthens the health and resilience of our entire community."

Quoted by Lane Forest Products. A local sustainable company that helps our community recycle our food scraps and yard waste by creating rich and nourishing soils.

IN YOUR CLOSET?

Electronics Disposal Ban

Electronic waste is prohibited from disposal in the garbage or at disposal sites such as landfills, incinerators, and transfer stations.

Oregon E-Cycles:
Free Recycling for common electronics.
1-888-532-9253

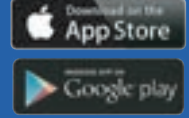

If your electronics are in working condition please consider donating or repairing the items before taking them for e-cycling.

NEVER MISS YOUR COLLECTION DAY AGAIN!

With our Sanipac Mobile App you can:

- Sign Up for waste collection reminders
- Receive Service Alerts for collection delays
- Search how to properly dispose of materials

Download it for free at the Apple or Android store.

COMMINGLE RECYCLE INSTRUCTIONS:

All recycling must be clean! Separating recyclables from your trash reduces the amount of waste that ends up in landfills, saves energy and reduces emissions!

INCLUDE ONLY THE FOLLOWING ITEMS:

PLASTIC

Bottles, round containers, buckets, and rigid plant pots
Caps OK if screwed on. All items must be 2 inches by 2 inches or larger.

METAL

Aluminum and steel cans, and scrap metal
Less than 10 pounds and 18 inches.

CARDBOARD AND CARTONS

Flattened cardboard, packaging boxes, and food and beverage cartons
Pizza boxes must be empty with no food residue.

PAPER

Newspaper, magazines, office paper, paper egg cartons, mail, paperback books, paper bags, and non-metallic gift wrap

Carts need to be curbside by 7am on your designated pickup day. Place all items at the curb 3 feet from other obstacles.

HAUL-i-DAYS

If your pick up day falls on or following one of these holidays, your pick up will be one day later ending with Friday's pick up being done on Saturday. Example: Thanksgiving Day only affects Thursday and Friday customers.

- New Years Day
- Memorial Day
- 4th of July
- Labor Day
- Thanksgiving Day
- Christmas Day

YARD DEBRIS & KITCHEN COMPOSTING

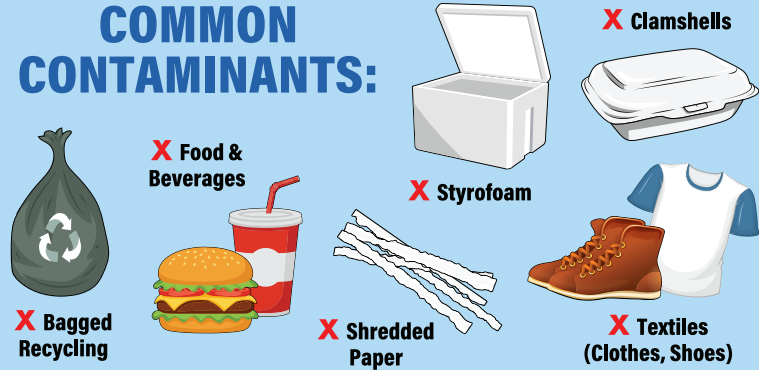

Place in your gray yard debris cart anything that grows above the ground. Including: fruits, vegetables, coffee grounds, plate scrapings, meat, bones, dairy products, baked goods, kitchen trimmings, grass, leaves, branches up to 4" in diameter, brush, fruit tree discards, and vegetation.

- CLOSE THE LID
- 120 LBS LIMIT
- NO DIRT OR ROCKS
- NO BAGS

- NO PET WASTE
- NO POISON OAK
- NO COMPOSTABLE WARES (PLATES, SILVERWARE, CUPS)

In the City limits of Veneta, yard debris will be picked up weekly during the months of April, May, and November.
