

PLANNING A GROUP VISIT TO MOPOP?

From early grunge treasures to indie gaming secrets and alien technology from across the galaxy, visiting MOPOP with a group creates an unforgettable experience. Your group trip will be powered by the world-shaping influence of pop culture with participative experiences, discovery, and play. No matter what kind of group you're bringing to MOPOP, we've got you covered with a range of group discounts and learning activities to level up your visit!

Advance reservations are required for all adult and student groups of 10 or more and for any third-party guided tours, regardless of size.

Find more information and reserve your visit at mopop.org/groups.

General Admission groups: groups of 10 or more friends, family, or co-workers.	\$31 - Adult \$28 - Senior \$22 - Youth

BRINGING A GROUP OF YOUTH TO MOPOP AND LOOKING TO DIVE INTO A WORLD OF IMAGINATION?

Add one of our In-Museum or Make-And-Take workshops to your visit!

From shapeshifting costumes to exploring music and activism, students harness the transformative power of cultural expression through engaging exhibitions and activities. Our programs uniquely blend 21st century skills with meaningful dialogue and collaborative thinking.

Workshops are available for all K-12 student groups from September through June. We also support inclusive learning with Sensory Kits featuring noise-cancelling headphones and tactile tools. Ready to ignite your students' imaginations? Find your workshop below.

Workshops run for 45-60 minutes and accommodate up to 30 students.

MOPOP admission is required for each person in the group and is paid separately from the workshop fee.

Advance reservations are required for all workshops.

Looking to plan your In-Museum Workshop experience or other ways to level up your learning at MOPOP, like self guides or classroom resources? Contact us at education@MOPOP.org or visit mopop.org/education.

Crafting Communities

Grades: Kinder to 12th
WORKSHOP TYPE: IN-MUSEUM

Explore what games like *Minecraft* can teach us about establishing communities and our roles in building relationships. From creating basic survival needs to sharing surpluses and asking for help, students will investigate how communities form, develop, and grow using simulated habitats in an interactive, real-life game environment.

This workshop highlights learning about community, civics, economics, sustainability, history, and social studies.

Hero's Journey to Collective Journey

Grades: 3rd to 5th
WORKSHOP TYPE: IN-MUSEUM

Encourage youth to bloom into inspired storytellers, using imagination and creativity with pop culture favorites to explore, compare, and contrast the individual-centered Hero's Journey with the collaborative Collective Journey story structures! They'll also celebrate their own identities while creating fantasy characters and embarking on a journey together to problem-solve as a collective community.

This workshop highlights learning about story building and writing, Hero's Journey and Collective Journey story structure, character archetypes, and writing narratives.

Pop Culture and Activism

Grades: 9th to 12th
WORKSHOP TYPE: IN-MUSEUM

Reflect on how pop culture plays a critical role in activism. Students will analyze pop culture and the "machines" that creatives have produced, which we can all use to make a difference. They will explore their skills and interests to process collective anger, raise awareness, and make their voices be heard through crafted personal social justice statements.

This workshop highlights learning about photography, activism, social justice, writing, and individual or collective impact.

Make and Take Printmaking Workshop

Grades: 3rd to 12th
WORKSHOP TYPE: MAKE-AND-TAKE

Put the power of pop culture creation into your hands! Students will explore the art of chibi, a Japanese-originated caricature style commonly used in anime and manga – which uses exaggerated proportions and expressions to pack in big storytelling and emotion.

This workshop highlights learning about comics, proportion, symbolism, social-emotional learning, and storytelling.

IN-MUSEUM WORKSHOP PRICE: \$140 (\$45 for Title I schools)
MAKE-AND-TAKE WORKSHOP PRICE: \$200 (\$75 for Title I schools)
