# Educator Mentor & Consultancy Program

**Building the capacity of educators through strengths-based mentoring and consultancy.**

Our **Educator Mentor & Consultancy Program** is structured to provide education professionals with:

- a supportive, professionally facilitated space for staff to **reflect** on their current practice and interactions with families
- access to **information and resources** that will strengthen their family centred practice
- opportunities to **debrief and unpack** challenging situations and practice issues
- **skills and knowledge** that will enhance capacity to provide a cohesive, professional and supportive environment for all staff, children and families
- opportunities to **strengthen inclusive practices** and increase knowledge of child development
- Strengthen existing and **develop new strategies** that recognise and respond to risk factors contributing to family stress and vulnerability
