About us...

Always Local. Always Fresh.

Alaskan Made. Santa Approved!

We are a family owned local business in Alaska. North Pole Coffee Roasting Company has been in the specialty coffee business for over thirty years serving Alaskans and consumers worldwide. Founded in June 1992, we were the first full service coffee roaster and retailer in the Interior of Alaska.

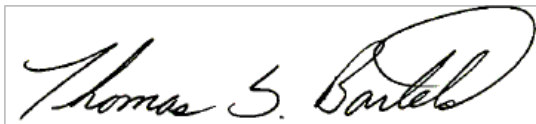

We provide freshly crafted roasted coffee using imported coffee beans from around the world. Our coffee is never stored, but rather we roast small batches based on our daily/weekly demands.

We take great pride in our product and service quality, but more importantly, we stand behind our customer's complete satisfaction.

North Pole Coffee feels strongly about supporting our local community and we strive to be a helpful presence as well as a desired community member in as many ways possible.

Thank you for this opportunity, we look forward to being your premier coffee provider.

Sincerely,

A handwritten signature in black ink, reading "Thomas S. Bartels". The signature is enclosed in a thin black rectangular border.

Thomas S. Bartels

Owner/Operator

Gosh That's Good!

Sugar Free White Chocolate Powder 2lbs Bag
 Sugar Free Chocolate Powder 2lbs Bag

Gosh that's Good! knows coffee shops. In their many years of running their own coffee shops they just couldn't find a delicious chocolate that complimented the unique characteristics of coffee and espresso. So, with the help of their daily regulars they fine-tuned their Sugar Free Rich Classic Chocolate. "We knew we had it right when our customers would take one sip and declare "Gosh that's good!"". Thus Gosh That's Good! Brand™ was born and this tradition continues today

- Cranberry Apple
- I Love Lemon
- Lemon Lift
- Mint Medley
- Orange & Spices

How to Make the Perfect Cup of Tea, from the Bigelow Family Themselves

- ◇ Starting with premium quality tea like Bigelow® Tea and fresh cold water is essential to making a great cup of tea. (It's the oxygen in the water that opens up the tea leaf for full flavor extraction so always allow tap water to run for 30 seconds before filling tea kettle. If you prefer to use bottled water, shake the bottle to aerate (oxygenate) the water.)
- ◇ When using a teapot, take the chill off the pot by rinsing it with hot water.
- ◇ For black and herbal teas, always bring water to a rolling boil then immediately pour over tea.
- ◇ For green teas, bring water just to the point where tiny bubbles begin to form then pour over tea.
- ◇ All Bigelow Tea packages list recommended brew times but as a general rule, black is best enjoyed when steeped 2 – 4 minutes, green teas for 1 - 3 minutes, herb teas for 4 minutes, or whatever time you prefer!

Barista Classes

North Pole Coffee strives to provide baristas with the very best education, supplies and resources. We are proud to offer an effective, hands-on learning program created for Barista Training. The class is designed to provide the basic tools for a new barista as well as strengthen the skills of a seasoned barista.

This program offers a wide range of topics on areas like proper milk steaming, shot extraction, and preventative maintenance for machines. The program includes all learning materials. Once a Barista has completed the North Pole Coffee Barista Program, they will have a greater knowledge of how to make specialty coffee drinks with accuracy and consistency.

Courses Offered:

Espresso 101: Barista Basics

Includes: Shot extraction, Layers of Espresso, Steps to Perfect Espresso, Milk Steaming/Frothing, Milk Hygiene, Machine Maintenance, Cleaning/Preventative Maintenance and Espresso and Grinder Machine Design Build-Out of Equipment

Price: \$99/person (coffee-customers)

\$199/person (non-coffee customers)

◇ 15% discount on groups of 4 or more

◇ Included at no-charge for any commercial espresso machine purchase

Classes offered upon appointments.

◇ One class appointment per purchase

◇ Class limited to six participants
