IMPORTANT DISCLOSURES

This presentation (the “Presentation”) has been produced for discussion purposes only. The Presentation is not a securities prospectus and the information contained therein does not constitute or form a part of any offer or solicitation to purchase or subscribe for securities in the United States, Australia, Canada, or Japan or in any other jurisdiction in which such offer or sale would be unlawful. The securities referred to in the presentation have not been, and will not be, registered under the U.S. Securities Act of 1933, as amended, or under any applicable securities laws of any state, province, territory, county or jurisdiction of the United States, Australia, Canada, or Japan. Accordingly, unless an exemption under relevant securities laws is applicable, any such securities may not be offered, sold, exercised, transferred, delivered or distributed, directly or indirectly, in or into the United States, Australia, Canada, or Japan or any other jurisdiction if to do so would constitute a violation of the relevant laws of, or require registration of such securities in, the relevant jurisdiction.

In the United Kingdom, the Presentation is directed at and for distribution only to (i) investment professionals falling within article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005, as amended (the “Order”), or (ii) high net worth companies falling within article 49(2)(a) to (d) of the Order (all such persons are collectively referred to herein as “relevant persons”). The securities of the Company are only available to, and any invitation, offer or agreement to subscribe, purchase or otherwise acquire such securities will be engaged in only with, relevant persons. Any person who is not a relevant person should not act or rely on the Presentation or any of its contents.

In member states of the European Economic Area, in which the regulation (EU) 2017/1129 as amended (the “Prospectus Regulation”), the Presentation is only addressed to persons who are “qualified investors” within the meaning of Article 2(e) of the Prospectus Regulation.

This presentation does not constitute or form part of any offer or invitation to sell, or any solicitation of any offer to purchase any securities in Samara Asset Group PLC (the “Company”) or its affiliates, nor shall it or any part of it or the fact of its distribution form the basis of, or be relied on in connection with, any contract or commitment or investment decisions relating thereto, nor does it constitute a recommendation regarding any securities of the Company.

The presentation does not constitute any investment or legal advice. Any such advice must be obtained individually, taking into account the circumstances of the individual case. The historical financial information and figures related to the Company contained herein may be preliminary and subject to adjustments and modifications and may unintentionally contain errors.

All aspects of the Presentation must be considered in the context of more fulsome and independently-obtained information that may be required for any decision regarding the Presentation’s subject matter. Any recipient of the Presentation should determine, in consultation with its own legal, tax, regulatory, accounting and other pertinent advisors, all economic risks and merits, as well as legal, tax, regulatory and accounting characteristics and consequences, of any transaction as it pertains to them. Past performance presented in the Presentation should not be taken as an indication or guarantee of future performance, and no representation or warranty, express or implied, is provided in relation to any aspect of the Presentation. The Company accepts no responsibility for, and expressly disclaims all liabilities relating to, any loss, whether direct or indirect, or any other kind of damage resulting from reliance upon or use of information contained in the Presentation.

Certain statements included or incorporated by reference within this Presentation may constitute “forward-looking statements” in respect of the Company’s operations, performance, prospects or financial condition. By their nature, forward-looking statements involve a number of risks, uncertainties and assumptions and actual results or events may differ materially from those expressed or implied by those statements. Hence, there is a considerable risk that investors face the risk of losing money they invest in the Company’s securities. Accordingly, no assurance can be given that any particular expectation will be met, and reliance should not be placed on any forward-looking statement. Nothing in this Presentation should be construed as a profit forecast. All forward-looking statements relating to or included in the Presentation are qualified in their entirety by this cautionary statement.

All information in this Presentation is current at the time of publication but may be subject to change in the future. The Company and its advisors disclaim any obligation to update or revise any statements, in particular forward-looking statements, to reflect future events or developments. The Presentation is to be construed as of the date of its creation and is subject to change at any time without notice. No party makes any representation, whether express or implied, with respect to the completeness or accuracy of the Presentation, or for the fitness of the information in the Presentation for any purpose. No party shall have any obligation to update any information contained in the Presentation at any time. Nothing in this Presentation shall be construed by any party as a binding or legally enforceable commitment, contract or offer to contract with respect to its subject matter. The Presentation neither imposes any obligation, nor grants any rights with respect to, any service or transaction referenced in the Presentation, nor does it impose on any party a duty or obligation to conclude any such agreement or commitment. Any

person receiving the Presentation is deemed to have (i) accepted these legal notices and that such notices shall apply even if the Presentation in any way is shown to be erroneous, incomplete or based upon incorrect or incomplete facts, interpretations or assessments or assumptions, irrespective of any responsibility of the Company and (ii) agreed not to copy, distribute or retransmit, in whole or in part, the Presentation. The Presentation and its contents must not be distributed, published or reproduced (in whole or in part) or disclosed by recipients to any other person. Failure to comply with this may result in a violation of applicable securities laws. To the extent permitted by law, all legal considerations arising from this Presentation shall be governed by the law of the Federal Republic of Germany.

The Company and its advisers, and any of their respective affiliates, personally liable partners, directors, officers, employees, advisers or agents, shall accept no responsibility and have no liability to recipients of this Presentation or to any third parties, for the quality, accuracy, fairness, timeliness, continued availability or completeness of any data or calculations contained or referred to in this Presentation (or whether any information has been omitted from this Presentation) or any other information relating to the Company, whether written, oral or in a visual or electronic form, and howsoever transmitted or made available nor for any special, direct, indirect, incidental or consequential loss or damage which may be sustained because of the use of the information contained or referred to in this Presentation or otherwise arising in connection with the information contained or referred to in this Presentation, provided that this exclusion of liability shall not exclude or limit any liability under any law or regulation applicable to the Company that may not be excluded or restricted.

Cryptocurrencies are a very new asset class, and there can be no guarantees that the cryptocurrency sector will survive at all. Furthermore, every single portfolio company in which The Company has invested to date and will invest in the future is a highest risk investment with the risk that the Company could lose all its money. Hence, there is a risk that investors may lose money they invest in the Company’s securities.

BTC STRATEGY

Leveraging debt and equity to accumulate more Bitcoin as a primary treasury reserve asset, driving value creation and shareholder returns. Issued Europe's first-ever Bitcoin Bond in Q4 2024.

- Balance sheet strength & growth: Bitcoin integration enhances asset appreciation, reinforces financial stability, and supports Samara's strategic expansion
 - Investor appeal: Samara's Bitcoin strategy attracts institutional investors seeking exposure and retail investors aligned with its vision
-
- Cash flow allocation: Samara reinvests a portion of its investment proceeds into Bitcoin, strengthening its Bitcoin focused treasury strategy
 - First European Bitcoin bond: In Q4 2024, Samara issued Europe's first Bitcoin bond, raising \$21M to acquire Bitcoin and invest in venture funds, with more issuances planned
-
- Professional asset management: Most of Samara's Bitcoin is managed by a partner asset manager, Samara Alpha, via its Bitcoin-denominated Market-Neutral BTC+ Fund
 - Robust risk management: Samara employs institutional-grade risk controls, custody solutions, and hedging strategies to safeguard assets while optimizing upside potential

RATIONALE

- Institutional adoption: Leading institutions are increasingly integrating Bitcoin into their strategies, validating its credibility as mainstream financial asset

BlackRock **Fidelity**  **Investments** **J.P.Morgan**

 **BainCapital**

 **FRANKLIN TEMPLETON**

- Alternative store of value: Bitcoin's scarcity (21M cap) and decentralization make it a resilient, non-sovereign asset, akin to digital gold
- Hedge against fiat devaluation & inflation: Bitcoin safeguards corporate assets from monetary debasement, serving as a long-term store of value
- Early-mover advantage: Samara is pioneering Bitcoin integration in corporate finance, attracting both retail and institutional investors
- Layer-2 innovations: Enhancing Bitcoin's scalability, efficiency, and utility, reinforcing its role as a key asset in the digital economy

SAMARA'S BITCOIN TREASURY – SAMARA ALPHA

The majority of Samara's Bitcoin is managed in a Samara Alpha BTC+ Fund, a Bitcoin-denominated, actively-managed fund of digital asset strategies, enabling Samara to earn more Bitcoin every day
