PRESIDENT'S MESSAGE

Matt Stuart - 2026 PAS President

On behalf of the board of directors, members, staff and volunteers, I would like to welcome everyone to the 2026 Paris Fair! For the past 168 years, the Paris Fair has been the place where friends meet and memories are made. It's a place to celebrate and foster our agricultural roots. The fair is also a showcase of the dedication and creativity of our vibrant community, through the thousands of exhibits on display during the five days of the fair.

The exhibits are what make our fair truly special, and I encourage you to look through the prize list and find something that showcases your passion. Whether it is the tallest stock of corn, an intricate quilt, or an eye-catching photo you took, there truly is a class for everyone! I look forward to seeing everything on display this year.

In closing, I would like to thank everyone who works tirelessly to put on the Paris Fair. There is a lot of hard work and planning that goes into putting on this event, and it wouldn't be possible without our dedicated volunteers, staff and exhibitors. When you see our volunteers at the fair, take a moment to thank them. I look forward to seeing everyone at the 2026 Paris Fair!

AMBASSADOR'S MESSAGE

Grace Aulsebrook-Smith - 2025 Paris Fair Ambassador

My name is Grace Aulsebrook-Smith, and I am honoured to serve as the 2026 Paris Fair Ambassador.

One of the most remarkable parts of our fair is the incredible showcase of talent, hard work, and tradition found in the agricultural and creative displays. From livestock and crop exhibits to the beautiful florals, handcrafted quilts, baking, preserves, and crafts, each entry reflects the dedication and pride of our community. These exhibits not only celebrate our agricultural roots but also the creativity and skill that continue to be passed down through generations.

I am deeply grateful to the Fair Ambassador Committee, directors, volunteers, chaperones, and the Homecraft Committee for their continued support and for making this experience so meaningful. Your commitment is what allows the Paris Fair to flourish year after year.

Serving as Ambassador has been one of the most rewarding opportunities of my life, and I am proud to represent the Paris Agricultural Society and this wonderful community. I look forward to celebrating with you at the 2026 Paris Fair!

CODE OF ETHICS FOR DAIRY SHOWS

While presenting a positive image to spectators, the following supports good animal husbandry both at home and at a show.

PART I

The following practices or procedures are considered unacceptable and defined as unethical in the show ring of registered dairy cattle:

1. Misrepresenting the age of the animal for the class in which it is shown.
2. Filling an animal unnaturally with liquid (tubing).
3. Balancing the udder by any means other than by leaving naturally produced milk in any or all quarters.
4. Treating the udder, internally or externally with an irritant, counterirritant, or any other substance to temporarily improve conformation or produce unnatural animation.
5. Administering epidural anesthesia (blocking tails).
6. Performing surgery of any kind to change the natural contour of appearance of the animal's body, hide or hair. Not included is the removal of warts, teats and horns, clipping and dressing of hair and trimming of hooves.
7. Inserting foreign material/articles under the skin, into the topline or on the feet.
8. Roping udders.
9. Criticizing or interfering with the judge, show management or other exhibitors while in the show ring or other conduct detrimental to the breed or show.

PART II

The provisions of this part apply to entries of a breed regulated by a breed association which has adopted this part.

- 1.** If intended for use in contravention of the Code of Ethics, no exhibitor and no agent, employee or other person acting on behalf of an exhibitor, shall have in his or her possession or control any hypodermic syringe, needle or other device, swabs, cloths, or other material, or any medicine, preparation or substance, whether in liquid or any other form.
- 2.** Exhibitors will not be allowed to wrap hocks or drain fluid from hocks at a show unless authorized by a veterinarian at the show.
- 3.** All entries and the personal property of all exhibitors, their servants and agents and persons acting on behalf of exhibitors, are subject to inspection by inspectors authorized by a show. All such persons shall co-operate with the inspectors and shall provide all such information in connection with such inspections and shall provide access to the animal and all information reasonably required by inspectors in connection with such inspections and shall provide, if so requested, samples of urine and blood suitable for analysis. Exhibitors shall also remove any udder supports, blankets or other objects limiting the ability of the inspector to undertake a thorough inspection. In particular, the inspectors shall be informed, in advance, of the nature of any medicine, treatment or substance administered to any entry and the reasons therefor. Inspections under this paragraph may be carried out at any time while the animal is at the show and elsewhere in the period ending 30 days after the termination of the show between the hours of 6:00 a.m. and 8:00 pm.
- 4.** Any inspector may, at any time, require the delivery to him of any hypodermic syringe, needle or other device, swabs, cloths or other material, or samples or any medicine, preparation or substance, whether in liquid or other form, in the possession or control of the exhibitor, his servants, agents or persons acting on behalf of the exhibitor for the purposes of laboratory analysis.
- 5. (A)** Subject to the provisions of subparagraph **(B)**, the following entries are disqualified and shall not participate further in the show in which the entry is disqualified.
 - (i)** Any animal determined by an inspector, who is also a veterinarian, to have an udder manifesting any of the following: localized swelling, oedema, erythema, sensitivity, reddening, firmness, warmth or exfoliation of the skin, but excluding general oedema associated with parturition or mastitis, or a sore in the area where the large blood vessels enter the udder.
 - (ii)** Any animal entered by an exhibitor whose servants, agents or persons acting on his behalf, fails to co-operate in the inspection provided for under paragraphs 3 or 4.
- (B)** The inspector's determination pursuant to subparagraph **(A)(i)** is subject to an appeal by the exhibitor to the appeal committee appointed by the show for the purpose. Any such appeal must be made by notice in writing delivered to the show management within 1 hour of notification of the inspector's determination. In keeping with the basic philosophy of the fair/exhibition/show committee, ethics are an individual responsibility. However, it should be understood that violators are subject to disciplinary provisions of the Rules and Regulations.
