

Overview | Vū Technologies Internship Program

Hands-On Experience, Real Impact — Empowering Emerging Talent at Vū Technologies

About Vū Technologies

Vū is a cutting-edge creative technology company and studio network. Through our turnkey systems and software platform, we empower the world to create content at the speed of thought. Learn more at vu.network.

Program Purpose

To give students and early-career individuals hands-on experience in a tech startup, working across functions and contributing to real projects while learning tools, processes, and communication in a fast-paced environment.

Program Details

- **Type:** Unpaid Internship (eligible for school credit)
 - **Length:** 10–12 weeks (flexible based on school schedules or availability)
 - **Time Commitment:** ~24 flexible hours/week
 - **Location:** Tampa Studio, in person
-

Learning Outcomes

Experiences and responsibilities may vary depending on current studio projects, team priorities, scheduling, and available learning opportunities during the internship period.

By the end of the program, interns may have the opportunity to:

Technology Team | Gain exposure to how AI tools like Vū Technologies support digital asset creation and organization, while learning about QA testing, content tagging, and R&D workflows.

Marketing Team | Develop foundational skills in video production, content development, and competitor research through opportunities to assist with storyboarding, scripting, and content planning.

Sales Team | Build familiarity with CRM platforms such as HubSpot CRM while supporting lead tracking, reporting, prospecting, and pipeline management activities.

Operations Team | Gain insight into logistics and operational workflows through exposure to inventory tracking, warehouse systems, and supply chain reporting.

Supervision & Support

- Mentorship | You'll be paired with a team lead or mentor to help guide your experience
 - Check-ins | Regular team syncs and optional 1:1s to support your growth
 - Tools | Slack channels and onboarding docs for communication and organization
-

Performance & Completion

- Regular check-ins with feedback
 - Final week: intern reflection + supervisor feedback
 - Optional: Present a short summary of projects or learning
 - Certificate of Completion and LinkedIn recommendation (if requested)
-

Intern Requirements

- Curiosity and willingness to learn
 - Strong communication and collaboration skills
 - Comfort with basic tech tools (Google Suite, Slack, etc.)
 - Bonus: Experience with video editing (e.g., Adobe Premiere, Canva), CRMs (e.g., HubSpot), spreadsheets, or an interest in AI, logistics, or content creation.
-

How to Apply

Ready to gain real experience at a fast-moving tech company? Apply now and let us know how you'd like to grow with Vū!

- Complete the online application located here vu.network/careers
 - Include your resume and a brief note telling us why you're interested in the internship
 - If you're applying for a content-related role, you're welcome to include a portfolio or sample work (totally optional!)
 - If it's a potential match, we'll reach out to schedule a conversation with 1–2 team members of our team
-

Still Have Questions?

Check out the FAQ's below 🙋

(If you don't see your question answered, feel free to include it in your application note!)

Frequently Asked Questions (FAQs)

Do I need previous experience to apply?

Nope! We're looking for curious, motivated people — not polished pros. If you've taken a relevant class, worked on a personal project, or just have a strong interest in learning, we'd love to hear from you.

Can I get school credit for this internship?

Yes, if your school offers credit for internships. We're happy to provide documentation or sign any forms required by your school — just let us know during onboarding.

Will I be working on real projects?

Yes! Our interns contribute to meaningful projects that support day-to-day operations and long-term goals. You'll work alongside our team, not just observe.

What kind of support will I get?

You'll be paired with a mentor or team lead, included in relevant Slack channels, and invited to regular check-ins. Optional 1:1s are also available if you want extra guidance.

Will I get a job at Vū after the internship?

While a job offer isn't guaranteed, we love hiring great interns when roles are available. Either way, you'll gain experience, feedback, and a solid reference you can take with you.
