

## Job Title: Medically Integrated Dispensing (MID) Technician

**Location: Onsite: Las Vegas**

### About Elevate Health Technologies:

Elevate Health Technologies is committed to making healthcare better for everyone. We collaborate with healthcare providers, patients, pharmaceutical manufacturers, and payors to deliver innovative technologies that truly make a difference. OnePulse Connect empowers healthcare practices by optimizing efficiency and streamlining care—whether through buy-and-bill management, inventory tracking, medically integrated dispensing, or in office infusion services.

### Position Summary

We are seeking a **Medically Integrated Dispensing (MID) Technician** to join our team and play a vital role in bridging patients, providers, and pharmacy services. In this role, you will support the safe and accurate dispensing of medications, coordinate prior authorizations, navigate insurance benefits, and improve the overall patient experience for those living with chronic or complex health conditions.

### Key Responsibilities

- **Prescription Processing & Dispensing Support** – Accurately enter patient/prescription data, prepare and label medications, and assist with inventory management while ensuring compliance with state and federal regulations.
- **Patient Engagement & Support** – Serve as a point of contact for patients, assisting with refills and pickups
- **Insurance & Financial Navigation** – Complete benefit verifications, prior authorizations, and identify secondary coverage or manufacturer assistance programs to reduce patient out-of-pocket costs.
- **Provider & Care Team Coordination** – Act as a liaison between providers, pharmacists, and patients to resolve coverage restrictions and ensure continuity of care.
- **Documentation & Reporting** – Maintain accurate records in pharmacy/EHR systems and support quality and compliance initiatives.

## Required Qualifications

- High School Diploma required
- Active Certified or Registered Pharmacy Technician license in Nevada
- 2–3 years of pharmacy or healthcare experience
- Strong attention to detail, organizational skills, and ability to manage multiple priorities.
- Excellent communication skills with patients, providers, and care teams.

## Preferred Qualifications

- Bachelor's degree
- Dispensing technician license from the Nevada State Board of Pharmacy
- Experience in specialty pharmacy, particularly with neurology medications
- Familiarity pharmacy software (e.g., PioneerRx, Liberty)
- Experience in direct patient care within a clinical setting
- Proficient in Spanish
- Technologically proficient and eager to learn new systems

## Benefits

- Competitive salary and benefits package
- Opportunity to work for a growing and innovative company
- Collaborative and supportive work environment
- Opportunity for professional growth and development

## Salary Range

- \$50,000 – \$65,000
