Ask your healthcare provider if they  
have a OnePulse Connect-Infusion program.

### Your Infusion Treatment: What to Expect

#### 1 Before Your Appointment

**Scheduling & Prep:** A OnePulse Connect Nurse will schedule your infusion and give you any special instructions.

**Insurance & Consent:** You may be asked to review insurance coverage and sign consent forms.

**What to Bring:** A list of current medications, a book or headphones, and something cozy—infusions can take time.

#### 3 Getting Started

**Medication Review:** Your Nurse will confirm medications and other key information with you.

**Comfort Check:** You'll be seated in a comfortable chair with blankets, snacks, and entertainment options available.

Ask your healthcare provider if they have a OnePulse Connect-Infusion program.

#### 2 Arrival & Check-In

**Welcome:** You'll check in at the front desk and be guided to the infusion area.

**Vitals & Assessment:** A OnePulse Connect Nurse will check your vitals and ask how you're feeling.

#### 4 During the Infusion

**Monitoring:** Your Nurse will monitor you for side effects and check in regularly.

**Relaxation Time:** You can read, nap, watch a show, or just relax.

#### 5 After the Infusion

**Observation:** You may be asked to stay briefly for monitoring.

**Discharge Instructions:** You'll receive guidance on what to expect at home.

#### 6 Follow-Up

**Next Steps:** Your Nurse will schedule your next infusion or follow-up appointment.
