HYDE PARK 100 & 250 MILE CHALLENGE

Our 100 Mile Challenge is back, along with an new goal! The 250 Mile Challenge!

In honor of America's 250th Anniversary, we're leveling up from 200 to 250 miles to celebrate this historic milestone in a meaningful, active way. It's a chance to challenge yourself while being part of something bigger.

With 153 days to complete your miles, it's completely doable! Walk, bike, hike, swim, or row your way to your goal while building healthy habits and staying active all season long.

Participants who complete 100 miles will earn a Hyde Park Challenge T-shirt and those who go the extra distance and reach 250 miles will receive a "special edition" Hyde Park 250 Challenge shirt to commemorate the occasion.

Join us from May 1 through September 30 and make this the year you finally do it.

Sign up on our city website: hpcutah.gov

MEMORIAL DAY ALL YOU CAN EAT EARLY BIRD PANCAKE BREAKFAST

**MAY 25, 2026 AT THE CITY OFFICE BASEMENT
7:00 A.M.—10:00 A.M.**

**SPONSORED BY THE LIONS CLUB
ADULTS - \$10.00
CHILDREN 12 AND UNDER—\$5.00**

YOUTH COUNCIL SIGNUPS!!

We're excited to invite all youth entering grades 8th–12th in the 2026–27 school year to apply. Applications are available online at our city website (hpcutah.gov/youth-council) or at the city office. Please submit your application as soon as possible to help with early planning. The deadline to apply is **May 27**.

Youth Council is a wonderful way to serve your community, have fun, and make new friends. It also looks great on scholarships

for college, and job applications. You'll even get to help decorate and scare others with our famous spook alley! And yes... it's completely FREE.

Parents! We're always looking for advisors! Any time or talent you can give is appreciated.

(Moms: We may make exceptions for 7th graders if you are willing to serve as an advisor.)

Save the Date for our Upcoming Front Porch Activities. More info to come.

June 11, 2026 Stretch Your Resources

August 13, 2026 Picnic in the Park!

Message from the Mayor

Message from the Mayor
May 2026

This month and for months to come, I feel compelled to write about water conservation. I do appreciate your patience while we had to drain the tank in Lions Park in order to connect the new well waterline. Thank you for heeding the city message to conserve. I've also heard of comments from many residents: "If I'm paying for my water, shouldn't I be able to use as much as I want?" That's a fair question—and I understand where it's coming from.

When we pay for a service, it naturally feels like we're entitled to use it. But water is a little different. Unlike most things we buy, it isn't unlimited, and it doesn't belong to any one person. It's a shared resource that our entire community depends on—today and for years to come.

Your water bill covers the cost of treating and delivering water safely to your home. Additionally, it should pay for future repairs and replacement. Like anything in life, it wears out and needs to be replaced. It doesn't mean the supply itself is endless. Our reservoirs and aquifers have limits, and it's our responsibility as a city to manage them carefully so that everyone has access—not just now, but in the future for children, grandchildren, and those who want to live in this wonderful community.

There's also a question of fairness. If everyone used as much water as they could afford, especially during dry periods, it could put real strain on the system. That could affect families who rely on water for basic, everyday needs. Reasonable guidelines help ensure that no one is left without.

Think of it like our roads. We all pay for them through taxes, but that doesn't mean there are no rules. Speed limits and traffic laws exist because we share that infrastructure—and because safety and fairness matter.

Water works the same way. Managing its use isn't about unnecessary restrictions; it's about protecting something essential that we all rely on. The choices we make today help determine whether we face shortages or rising costs tomorrow.

Good Guidance for water usage

Don't water until mid-May (storms have helped us)

Don't water sidewalks or streets. This is extremely wasteful

Water evening and night to reduce evaporation, use a smart controller that will stop watering after storms

Water 2 times a week or less, which promotes deeper roots and healthier lawns

The state has incentives to remove grass in park strips and to change to low-flow toilets

[Utah Water Savers - Earn money for saving Utah's water](#)

I appreciate the care and thought residents bring to this conversation. By working together and understanding the bigger picture, we can make sure our community stays strong, sustainable, and fair for everyone.

Thank you for listening

~ Bryan Cox, Mayor

HYDE PARK CITY HOMETOWN DAYS CELEBRATION

July 17 & 18

Save the date for our annual community celebration as we honor the past, enjoy the present, and look ahead to the future!

Friday: Don't miss the 5th Annual Hyde Park Classic Car Show under the shade trees. Kids can join the Box Car Competition, and the 4th Annual Hyde Porker BBQ Contest will crown this year's Grill Master.

Saturday: Kick off the day with a Fun Run and yoga on the lawn, followed by the Velvet Highway Parade. Then enjoy a full day of family fun—games, vendors, food, a petting zoo, bounce houses, pie-eating contest, and more. We'll end the night with fireworks and dancing!

Watch next month's newsletter for the kids' coloring contest—winners ride in the parade and throw candy!

Interested in a booth or helping out? Watch our website and social media for details—we'd love your support!

Public Hearing Water Rates

On Wednesday May 13th the Hyde Park City Council will hold a public hearing to consider a change to the water rate structure. The changes being considered include lower rates for minimal use and higher rates for high use. The meeting will be held at the regular city council meeting on May 13th in the Hyde Park City Council Chambers at 7:00pm. It is also available for live stream on: **YouTube@HydeParkUtah**

Join us for a community event focused on improving access to healthy food in Hyde Park!

On May 16th from 9:00-11:00 AM, we'll be conducting a walk audit to gather information and report to the state about access to healthy food in our area. We'll also be assembling community garden beds and hosting an EveryKid Outdoor Activity, where kids can earn one of their passport badges.

We need your help to make this event a success. Come be part of building a healthier, more connected community!

Attention children & youth ages 3-18!

Hyde Park City is now a hub for Every Kid Outdoors which is a program designed to get kids spending more time outside and exploring nature. Passports are available now and can be picked up at the city office.

More information can be found at:
<https://recreation.utah.gov/utah-every-kid-outdoors/>

Details of our kickoff event will be coming soon!

Stay tuned!

Message from North Park Police Chief Goodrich

Utah Electric Mobility Device Law amendments—Effective May 6, 2026

Over the course of the last year, public safety officials across the state saw an alarming increase in the number of reckless driving incidents and accidents with citizens operating electric mobility devices. Behavior included riders popping wheelies at excessive speeds, engaging in risky maneuvers, and zipping in and out of traffic. Quite often, these operators did not have a working knowledge of traffic safety laws or vehicle dynamics. These driving patterns put the public at risk. The push to amend HB 381 (Utah Electric Mobility Devices) came overwhelmingly from state legislators, and not any one particular city or entity. North Park Police officers investigated multiple accidents with e-motorcycles, and handled complaints of reckless electric device riders throughout North Logan and Hyde Park. Every city and police jurisdiction across the state reported incidents and expressed concerns over how to address the issue. Because of the increasing concerns, state legislators prioritized this bill with the hope of clarifying, clearly defining rules, and they passed legislation that made sense for citizens and public safety officials regarding this issue.

E-bikes: There are three classifications. Defining features include permanently affixed crank pedals and incorporate an electric motor of 750 watts or less. E-bikes can be a pedal assist or throttle powered device. The electric motor cuts off at 28 mph. E-bikes can be used anywhere where bicycles are currently allowed. The new law requires anyone between the ages of 8-15 to be in DIRECT supervision by a parent or guardian. Anyone under eight years of age **CANNOT** operate an e-bike on public roadways. Riders over 16 years of age can ride on a public roadway but must follow all applicable laws. All riders under 21 years of age must wear a helmet.

E-Motorcycles: E-motorcycles are powered by an electric motor that is either 750 watts or greater, capable of exceeding 20 mph, have no manufacture installed crank pedals, and are controlled with throttle acceleration. All electric motorcycles should be registered through the Division of Natural Resources as an OHV and can be registered at www.recreation.utah.gov. E-motorcycles are typically meant for off-highway use and should be ridden where off-highway vehicles are currently allowed to operate. **Parents should know that these amendments now make it illegal for anyone under 16 years of age to operate an electric motorcycle on a public street.** This includes rides to school, team practice, or joy riding in the evening. Law enforcement can temporarily hold an electric motorcycle until a parent can arrive to pick it up if the operator is found violating traffic laws or the new amendments. The goal of North Park Police Department is to help educate the public and these young riders so that everyone can be safe.

E-motorcycles can be operated on a public roadway IF certain conditions are met. Operators over 16 years old must have a valid class D driver's license, with a valid motorcycle endorsement, or an OHV safety course certificate. The OHV safety training can be found at www.recreation.utah.gov. In addition, the e-motorcycle being operated must be street legal. (mirrors, turn signals, insurance, registration, horn, etc.) Riders must obey all traffic laws. Anyone under 21 years of age must wear a helmet. More information will be posted on the police department's website. For questions or concerns, please call our office number at 435-753-7600.

-Kent Goodrich—Chief of Police

NORTH LOGAN
RECREATION
MAY

Youth Sports

Cross Country

This morning running program is perfect for 6th -8th graders. Monday and Wednesday mornings from 8-9am starting June 1st through the end of July. **Cost:** \$45

GCHS Volleyball Camp

GCHS Girls Volleyball team and coaching staff are doing a volleyball camp on May 18th and 19th from 4:30pm-6:30pm. This is for kids between 3rd-8th grade. **Cost:** \$45
