

SAVE WATER. SAVE MONEY KEEP UTAH FLOWING

Turf

Receive **\$1.50 to \$3.00 per square foot** when you replace your grass with waterwise plants or other water-wise landscaping. You could save over 50,000 gallons a year!

Smart Controller

Up to \$100 back when you purchase an eligible smart controller. Smart Controllers automatically adjust your sprinklers to account for weather, soil moisture, and other conditions!

Toilet

Receive up to \$150 and start saving as much as 5.5 gallons per flush when you replace an old toilet from before 1994 with a new WaterSense one.

Go to SlowtheFlow.org to apply now!

THE RIPPLE EFFECT

One change at home can save thousands of gallons. Which keeps more water in our rivers and reservoirs supporting native wildlife, the Great Salt Lake and Utah's Future
