

CREATE, CONNECT & LEARN

Goose has been watching all day long,
Let's all sing him this song,
Watching's OK but there's more he can do,
So many things that our screens can do!

**We can do a lot with our screens,
Any kind of thing you can dream,
Don't just watch when it's your turn,
Let's create, connect & learn!**

Create! A world in a game
A magical world, give it a name,
Create some art about anything,
Make a song, let's hear you sing!

Connect! Play a game with friends,
Fun times we can spend,
Call your cousins from far away,
Together you can laugh and play!

Learn! New dance moves,
Or a song that really grooves,
Find the answers to how, what, why,
Your screen can do a lot,
let's give it a try!
