## FROM THE MEETINGS

# July:

With the annual rally done and dusted for another year, a couple of items were mentioned for amendment next year. The loudspeaker system didn't work as well as it was anticipated at the rally. It couldn't be heard over the noise of motors – and what was actually being said couldn't be understood. President Tim spoke to Mike Rowland (who set the system up), indicating that a lot of improvements would have to be ironed out before next year.

Richard Betts reported on a roving speaker system that he'd been told about. Richard also advised members that the TOMM magazine would now be available online only.

Ted Currey gave a short report on the tractor trek held on Friday of the rally. Only one mishap was a flat tyre but it was inflated enough to get back to the showground. Members who took the time out to visit the Fish Hatchery were surprised at the work being carried out.

Winston Roworth reported that the children thoroughly enjoyed his Rocket Cover Racing Cars at the rally.

Rally breakdown was deferred until the August meeting.

Secretary Bette Langton spoke about the Tax Clinic being developed through TAFE, and could be accessed by Manilla Group. Treasurer David Jones spoke about keeping it local.

Margaret Hurle mentioned that all new members had to be accepted as written in the constitution. Names of 22 new members were read out at the meeting, and all were accepted.

## August (AGM/General):

**AGM** - Positions for 2025/26 include Tim Scanlon (president), George Parris (vice-president), Bette Langton (secretary), David Jones (treasurer), Vinnie Todd (publicity), Ed Leydon (public officer), Norm Gardiner (showground rep), Tony Russell, Les Mauger and Angus Redgwell (safety officers), Norm Gardiner (ground organiser), Tony Russell and Les Mauger (parade organisers), Richard Betts and John Calokerinos (market trade stalls), Ken Roach and Sean Gresser (insurance inspectors), Neil Bonnett (auditor).

In his president's report, Tim's main focus was the very successful rally weekend. He thanked everyone for their massive efforts over the three days, the successful tractor trek which included a well-received stopover at the local fish hatchery, 2025 feature being International IH, another successful street parade with a lot of good public feedback, he thanked the many sponsors, and reported that the Saturday evening dinner was well-attended, and thanked the club for their catering.

## **GENERAL MEETING:**

A big discussion was had on the rally itself – one subject being the PA system which was described as not up to scratch – it couldn't be heard across the showground. Popular suggestion was to purchase our own, with the assurance it would be “all okay for next year”.

Purchasing its own defibrillator was a popular suggestion. It could be positioned in the van, as well as be taken on tractor treks. The matter will be followed up.

A table and two chairs needed for the back gate at next year's rally. Secretary Bette keen to chase up re-ordering of the club's metal badges.

The suggestion of purchasing a second square reader rolled into the idea of using wrist bands entirely, and move the van closer to the entry gate for next year. It was also decided to “trial” placing the van on the current Disabled carpark and getting permission to move the carpark outside the gate. Large signs regarding rules etc to be placed on both entries, and current exhibitor cards (which have been abused by some members of the public) to be replaced with wrist bands. Carers for disabled visitors – charge to be the normal \$10 to cover both. People trying to enter as “stall helpers” must pay the \$10 entry also. Under 16 entry remains free.

Tim reported on a very generous donation of \$2500 from one of his garage clients having his vehicle passed for rego. That was given a warm reception by members.

Member Tim Freemantle was thanked for his effort in raising \$1050 for the children's ward at Tamworth Hospital through his second-hand stall at the rally. Tim said he'd sold just about all the donated items, and thanked members and the public for all their support. He received permission to do the same next year, and requested a club banner to use at the stall. Members voted to donate a further \$500

to Tim's takings. The cheque for \$1550 will be presented to the children's ward in the coming days. More on that in the next newsletter.

Correspondence was received from Manilla Hospital Auxiliary requesting donations for the purchase of a wheelchair lifter for the hospital. Members voted on a donation \$1000. And regarding the club's annual donation to Westpac Rescue Helicopter, when handing over the cheque, Tim said he'd organise a visit to the headquarters by interested members for an inspection of the facility.

Something for the kids at next year's rally – a popular sandbag game as suggested by president Tim – perhaps the local Men's Shed could make one up. And Bette to follow up on securing an ice cream van.

A short discussion on a feature for next year – Powered By Villiers was a suggestion.
