

Crown Property Management

# Design Packages

## Elevated workspaces, made easy.

Crown's model suites are designed to simplify the leasing process and accelerate move-in, offering tenants a selection of fully designed workspace environments. Each suite reflects a thoughtful balance of functionality and design, with layouts, finishes, and furnishings that support a range of working styles from focused productivity to team collaboration. By providing ready-to-go design options, these suites reduce upfront planning time, and allow tenants to envision their future space with clarity and confidence. The result is a more efficient path to occupancy, without compromising on quality or experience.
