Ecotred 1000

1000mm x 1000mm RECYCLED GRANULATE COMMERCIAL TILE

The Ecotred 1000 Commercial Tile is a fully Recycled & Recyclable Rubber Granulate Walkway Tile.

Black individual tiles available in 1000mm x 1000mm x 30mm.

excellent slip resistance and it will support lightweight plant of up to 4 tonne per square meter with a deflection of 30%.

Also available with markings to meet modern safety regulations.

Material	Polyurethane-bonded recycled tyre granulate
Surface Composition	Smooth with open pores
Under Side Composition	Dimpled underside allowing free drainage
Side Composition	Pre-drilled plastic connector pins included
Colours Available	Black
Dimensional Information	1000mm x 1000mm x 30mm
Area Weight Information	Approx 24 kg/m ² 45 units to a pallet = 45m ²
Tensile Strength	147 N/cm ²
Compression Resistance	16.7 N/cm ² (before elastic deformation) 200 N/cm ² (before elastic deformation)
Hardness Shore A	28÷34
Porosity	N / A
Fire Rating	B2 (DIN 4102 Part 1) - Equivalent to Euro Class E
Cold Fracture Resistance	Thermal cycle -30°C for 48h. No defects
Water Flow Capacity	Hydraulic gradient i = 0,015/0,037 l/(m.s) lengthwise/ 0,022 l/(m.s) crosswise
