

SOUTHPORT

33 FE

33 FE

OVERVIEW

Experience the celebrated ride, performance, and stability of the largest Southport. Unstoppable in all conditions, the 33's size, beam, and hull design allow this boat and her crew to go anywhere, anytime. Even with its size, the 33 doesn't skimp on performance. Whether the ideal day on the water is spent racing out to an offshore fishing spot with friends or running up the coast to drop the hook in a favorite secluded harbor, the Southport 33 is built for both lifestyles.

The Family Edition (FE) is designed for the owner whose focus is family cruising and entertainment, but always has an eye toward fishing. Enjoy a day of relaxing, swimming and viewing the sunset, or make a longer trip to a favorite island with no worries about the ride home, even when the ocean turns angry.

For the days when the bite is hot, the FE still offers everything you need to head out with your crew and all their gear. There is no shortage of insulated and dry storage, and enough space for everyone to come along.
